DISPLAY THE FLAG

TEN CENTS A WEEK

NEWARK, OHIO, FRIDAY EVENING, JULY 6, 1917.

## WEATHER FORECAST.

Probably thunderstorms tonight and Saturday.

VOLUME 91—NUMBER 95.

## CHINESE FIGHT FOR DEMOCRACY; PEKING IN PERIL

Force of 5,000 Emperor's Troops Oppose 20,000 Republican Forces

## CLASH OCCURRED AT LANGFANG NEAR PEKING

Chinese Flee to Tien Tsin and Foreigners Take Refuge in the Hotels

(ASSOCIATED PRESS TELEGRAM) Peking, July 6.—Fighting began yesterday at Langfang, about 35 miles southeast of Peking, between the troops of General Chang-Hsun, supporter of the monarchy, and the forces of the Republicans.

The situation in the capital is becoming serious. Trains are filled with fleeing Chinese going to Tien Tsin. The hotels are full of foreigners. Small American and Japanese forces are endeavoring to come from Tien Tsin, but their arrival may be delayed by the fighting at Langfang, where 5,000 of the troops of General Chang-Hsun are opposing an advance guard of 20,000 Republicans.

## REPUBLICANS READY TO FIGHT.

(ASSOCIATED PRESS TELEGRAM) Tien Tsin, China, July 6.—Fifty thousand soldiers of the Republican forces are converging on Peking and the attempt to restore the Manchu dynasty appears to be at the point of failure. By midnight Tuan Chi Jui, who has been appointed commander-in-chief of the punitive expedition, is expected to have 20,000 troops between Tien Tsin and Peking. Large forces are coming up from the south. Along the Hankow Railway 10,000 soldiers are advancing. General Chang Hsun, the dictator who attempted to restore the monarchy, has only some 3,000 men. Tuan Chi Jui today addressed an ultimatum to Chang Hsun's troops, promising them more favorable treatment if they would lay down their arms. The northern military leaders do not expect fighting. They believe Chang Hsun will be deserted by his troops when the strength of the Republican forces is realized. It is rumored that part of Chang Hsun's forces already had deserted him. Fifteen provinces are supporting Tuan Chi Jui.

## FLETCHER ASKS FOR CONFERENCE WITH LANSING ON TRAIN

(ASSOCIATED PRESS TELEGRAM) Washington, July 6.—Enough importance was attached to the mission of Henry P. Fletcher, ambassador to Mexico, who hurriedly left Mexico City as soon as permission had been granted him by the state department, to arrange for a conference today with Secretary Lansing on board the train which is carrying the secretary to Henderson Harbor, N. Y., for a three weeks' vacation. State department officials have protested ignorance as to the nature of the mission of Ambassador Fletcher. He requested permission to come to Washington three weeks ago and left as soon as authorization was received.

By some officials it was assumed the ambassador wished to explain personally to the secretary the extent to which German activities have been carried on in Mexico and the influence German agents have had on the Mexican government and people. Reports that Mexico would enter the war as an ally of the entente powers is not regarded by most officials here as probable. They also believe it impossible that Mexico will become active in her support of Germany.

Deep interest has been displayed in government circles here in the persistency shown by the Mexican government in imposing on the oil companies heavier export taxes and in the recent decrees governing the holding of land by mining and other corporations. The Mexican government has declared the decrees are not confiscatory but representations have been made to the American government by the companies that the enforcement of the new orders will result in the forfeiture of a large part of the properties now held by American and British corporations. The British government is interested especially in the oil taxes since it is from Mexico that much of the fuel now being used in the British navy is derived. The American government's protests against the enforcement of the decrees has not yet caused a modification. July 10 is the date fixed for the decree to become effective.

## SELECT COLUMBUS' ENGINEER.

(ASSOCIATED PRESS TELEGRAM) Columbus, O., July 6.—E. G. Bradbury of Columbus, a civil and sanitary engineer, has been selected to take charge of the sewerage and sanitation work for the United States army cantonment now being constructed at Ayer, Mass.

## YALE ATHLETE APPLIES.

Chicago, July 6.—Jesse Spaulding of Chicago, captain of the Yale football eleven in 1912, today applied for a place in the officers' reserve training camp which is to open at Leon Springs, Texas, next month.

## ARREST TWO FOR SPY LEADERSHIP

(ASSOCIATED PRESS TELEGRAM) New York, July 6.—Agents for the department of justice this afternoon arrested two Germans, one reputed to be a paymaster for the German spy system in this country, and the other alleged to have been formerly associated with Captain Franz Von Papen, at one time military attaché at the German embassy in Washington.

## GERMANS SHIFT ATTACK ON FRENCH; EASILY REPULSED

(ASSOCIATED PRESS TELEGRAM) New York, July 6.—Having failed disastrously in their recent effort to drive the French from their commanding positions on the Chemin-des-Dames, on the Aisne front, the Germans are now turning their attention to the Champagne, apparently with a similar purpose.

Attacks were made by the Crown Prince's troops last night on the French lines west of Mont Carnillet and southeast of Tureur. The drives, evidently were not of such intensity as was that earlier in the week along the Aisne, and the Paris official report says they were easily repulsed.

The artillery fighting is proceeding vigorously in these and other sectors of the Champagne. In the Verdun region also the French guns are active. With the evident effort of making the German trenches west and north of Hill 304 untenable, General Petain's artillery is pouring a destructive fire upon them. Apparently the Crown Prince has none too secure a hold on such ground here as his troops were able to seize their sudden rush a few days ago.

London is reticent as to what is going on along the British front in France, where there have been indications that some important movement was in the prospect. The only activity reported was a nocturnal raid on British posts near Bulcourt, which were repulsed.

In Macedonia there is some revival of activity, but seemingly not on a large scale. Enemy troops, probably Bulgarians, launched an assault on the ridge west of Dolje, southwest of Lake Doiran, but were counter-attacked and repulsed by a British counter-attack to relinquish the footing they obtained.

On the Galician front the Russians have not renewed their assaults in force. Intense artillery activity is reported east of Lemberg, however, where General Brusiloff early this week began a push toward the Galician capital, with Zlochoff, on the Tarnopol-Krasne Railway as his immediate objective.

Near Narvik to the southeast of Lemberg, the Austro-German guns are busy, intensely bombarding the Russians east of Lipicadolina. In Mesopotamia the Russian army from Sakkiz is reported having engaged with the Turks who have been reinforced in their effort to stop the Russian advance toward Tigris valley.

## ITALIANS SURPRISE ENEMY.

(ASSOCIATED PRESS TELEGRAM) Rome, July 6.—The Italians made a surprise attack northwest of Selo on the Carso, Wednesday night, and advanced their line, the war office announces. Outposts were captured and prisoners. The gains were maintained against violent counter-attacks.

## IRISH COVENTION WILL MEET JULY 5 TO TALK FREEDOM

(ASSOCIATED PRESS TELEGRAM) London, July 6.—Premier Lloyd George announced in the House of Commons this morning that the Irish convention would meet July 25 to deal with preliminary business including the appointment of a chairman. Mr. Lloyd George said the government had suggested that Henry E. Duke, chief secretary for Ireland, act as provisional or temporary chairman.

## GERMANY COMPLAINS TO POPE OF MERCIER'S LETTER

(ASSOCIATED PRESS TELEGRAM) Copenhagen, July 6.—Dr. Alfred Zimmermann, secretary of foreign affairs, announced to a committee of the Reichstag, according to news reaching here, that representations have been made to the Vatican regarding the pastoral letter of Cardinal Mercier wherein he spoke in forcible terms of Germany's crimes and outrages in Belgium. The letter was published in the French press and was the subject of angry comment by German newspapers.

## PERISCOPE IS SIGHTED?

(ASSOCIATED PRESS TELEGRAM) Washington, July 6.—The reported sighting of a periscope of a submarine in Hampton Roads caused the navy department today to send instructions to the commandant to make a thorough investigation. According to the report sent to the department today the officers on one of the American warships sighted an object which he believed to be a periscope within the waters of Hampton Roads, although the exact location is withheld.

## CONSCRIPTION WINS AGAIN IN OTTAWA HOUSE

Liberals Break Away From Laurier, Joining Borden's Forces

## REFERENDUM PROPOSAL BY LAURIER DEFEATED

French Nationalists Fail to Defeat Purpose of Bill By Amendment

(ASSOCIATED PRESS TELEGRAM) Ottawa, July 6.—The Canadian House of Commons early today adopted a resolution offered by Premier Borden passing to second reading the bill for compulsory military service.

Exciting scenes marked the taking of the vote which stood 118 for conscription and 55 against.

The vote gave the government about 20 more votes than it usually polls on important questions. This was the result of a considerable number of English speaking Liberals breaking away from the leadership of Sir Wilfrid Laurier and joining with Premier Borden in support of conscription.

Before the bill was sanctioned, Sir Wilfrid Laurier's proposal that the opinion of the people on conscription should be tested by a referendum was defeated by a majority of 49. The attendance of members of the House was the largest that had been seen in Parliament for many years. The galleries were filled with spectators throughout the night and until the proceedings closed at sunrise. A majority of the spectators were soldiers returned from Europe and women.

A resolution presented by the French Nationalists from the province of Quebec that the conscription bill should be killed by the adoption of a six months postponement was defeated by the large majority of 166. Only nine Nationalist votes were cast for the resolution and both the government and the opposition to conscription voted against this proposal.

An amendment aimed to supply more adequate provision for dependents of men at the front was defeated 115 to 55. Premier Borden explained that this amendment was "dilatory" and that he would refuse to allow it to interfere with the second reading.

## REGULARS QUIET STRIKERS AT MINES; CAVALRY ON DUTY

(ASSOCIATED PRESS TELEGRAM) Globe, Arizona, July 6.—The presence here today of four troops of United States cavalry and a machine gun troop was expected to have quieting effect in the Globe-Miami copper district which has been in a state of nervous tension since 7,000 copper miners were called out on strike last Sunday. Immediately upon their arrival last night the troops were dispatched to stations at the Old Dominion Mine and to the small properties in the Copper Hill district where trouble has been feared most.

## STREETS ARE QUIET.

(ASSOCIATED PRESS TELEGRAM) Bowie, Arizona, July 6.—A telephone message from the sheriff's office at Globe, where operations in the copper mines have been tied up since Saturday by a strike of miners, said the city was quiet today. Troops of cavalry were patrolling the streets.

## MISSISSIPPI PLANTERS OFFER JOBS TO NEGROES

(ASSOCIATED PRESS TELEGRAM) St. Louis, Mo., July 6.—An offer by three Mississippi business men and plantation-owners to charter a steamboat or special trains to take 500 to 1,000 negro families back to Mississippi has been made to the St. Louis Red Cross, which is helping in the work of providing for the refugees from East St. Louis who came to St. Louis.

The offer was made by Leroy W. Valliant, Henry Crittenden, former owner of the traction system of Greenville, Miss., and James A. Mann, a merchant of Greenville.

## NEGROES STILL REFUSE.

(ASSOCIATED PRESS TELEGRAM) East St. Louis, Ill., July 6.—Efforts of large corporations here to induce negro workers, who fled from the city after the riots of Monday, to return, have not been successful. An agent for a large factory today went to the municipal lodging house in St. Louis, Mo., where 400 men refugees are sheltered and said he had work for 20 men. Only five negroes came back with him.

## TRAINED FOR RED CROSS.

(ASSOCIATED PRESS TELEGRAM) Washington, July 6.—A sanitary corps composed of about a thousand men, trained in first-aid work, will be formally turned over to the American Red Cross at open-air exercises here late today. President Wilson was expected to accept the unit on behalf of the Red Cross.

## EAST ST. LOUIS DOES NOT REGRET RIOTING WHICH KILLED NEGROES; BIG EMPLOYERS OVERRAN TOWN WITH BLACKS, CHARGE

Guardsmen and rioters gathered about dying East St. Louis negro as ambulance approaches. Policeman is about to arrest rioter.

East St. Louis, Ill., where scores of negroes were killed and wounded in recent race riots and their quarter of the town burned, expresses no regret that the riots occurred. This leads to the fear that the bloody scenes of July 2 may be re-enacted. The men and women who composed the blood-thirsty mobs declare that the big employers of East St. Louis had deliberately set about to overrun the town with negroes in order that wages might be kept down. Within the past year 6,000 or 7,000 negroes have migrated to the place.

## SWEDEN SUFFERS IF EXPORTS FROM U.S. ARE CUT OFF

(ASSOCIATED PRESS TELEGRAM) Stockholm, July 6.—Washington dispatches of the last few days forecasting the sharpest limitation or possible discontinuance of all exports to neutrals caused anxiety in government circles and among the people generally. The situation is already grave and the prospect pictured by news from America renders it still more disquieting.

Crops are likely to be below the average. Manufacturers in various lines are closed by lack of raw material. Others cannot maintain production much longer. Benzine and petroleum are nearing exhaustion. Leather is scarce and so dear that a pair of ordinary shoes cost from \$10 to \$12. Automobile tires bring \$500 apiece. The cost of living is steadily increasing. The stocks of coffee in the kingdom will be exhausted in a month. Long lines of people standing outside the stores waiting to buy coffee may already be seen.

The government already has taken extraordinary measures to deal with extensive unemployment which is considered inevitable if the war lasts another winter, and it becomes impossible to import needed commodities.

In view of the assertions in some quarters that Sweden's import not intended solely for Swedish consumption the Associated Press asked Herr E. B. Trolle, formerly minister of foreign affairs and now president of the government war trade commission, for a statement. He said:

"Official statistics of Sweden's imports for 1916 which are now nearly complete, demonstrate conclusively the absolute erroneousness of assertions that we are bringing in American products for the purpose of passing them on to the Central Powers."

"In several instances our total imports from America show a decided decrease compared with 1915, the last normal year, and in many instances where our imports from the United States increased, this increase fell considerably short of making good the deficit caused by the decrease or total discontinuance of our pre-war importations from belligerent countries."

## STATE TO DEMONSTRATE BETTER BREAD METHODS

(ASSOCIATED PRESS TELEGRAM) Columbus, Ohio, July 6.—Beginning July 12, instructors working under direction of the College of Agriculture, Ohio State University, will tour the state giving demonstrations in bread making and the use of combinations of wheat flour. It was announced through the Ohio branch council of National Defense today. Representatives of the college have been demonstrating canning, drying and other methods of food preservation and recently started demonstrations for girls in making of plain clothing and surgical dressings. Bandages properly made will be seen to the front, it is announced.

## GERMAN LOSSES IN WAR ARE 1,500,000.

(ASSOCIATED PRESS TELEGRAM) Paris, July 6.—The total number of Germans killed from the beginning of the war to March, 1917, is not less than 1,500,000, according to an estimate reached by French general Headquarters. This computation has been made after careful study of documents bearing on the subject.

## NAVY PATROL HUNTS ENEMY SUBMARINE IN HAMPTON ROADS

(ASSOCIATED PRESS TELEGRAM) Fortress Monroe, Va., July 6.—Naval patrol boats today continued their search for enemy submarines which were reported to have been sighted submerged in these waters late yesterday, but no trace of the craft has been found. Marine officers did not believe it possible for a submarine to submerge in the roads or lower Chesapeake Bay because of insufficient depth of water and in this connection they pointed to the fact that the German submarine marchant boat Deutschland could not go under until after she passed the Virginia capes last summer. Reports that several submarines were seen off the Virginia coast may be correct as it was thought possible that the five submarines built at a New England port for Great Britain and recently sold by that country to Chile were enroute to South America.

## MAJOR ULRICH GETS HEARING BEFORE MILITARY BOARD

(ASSOCIATED PRESS TELEGRAM) Columbus, O., July 6.—The military efficiency board that will try Major Harry W. Ulrich, senior major of the Fifth Ohio Infantry, to determine his "moral character, capacity and general fitness for service as an officer," will be composed of Brigadier General Charles N. Zimmerman, Adjutant General J. E. Gimpert, jr., attached to headquarters here, and Major Frank W. Hendley of Cincinnati. Major Ulrich, whose home is at Youngstown, is said to have been asked to resign by Brigadier General Charles N. Zimmerman, while Zimmerman was commanding officer of the Fifth Infantry. Save giving out the names of the examining board, no statement was forthcoming from state headquarters relative to charges against Major Ulrich.

## WOMEN WILL CONSERVE FOOD.

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., July 6.—Thousands of Cleveland women today were enrolling in the women's national food conservation movement. Food thrifty pledge cards, prepared by Herbert C. Hoover, national food administrator, were being circulated by volunteers who offered their services to the Cleveland Woman's Committee of the Council for National Defense. A house to house canvass will be made.

## GERMAN CRITIC SAYS AMERICAN HELP IS EVIDENT

(ASSOCIATED PRESS TELEGRAM) Copenhagen, July 6.—Captain von Salzman, military critic of the Vossische Zeitung of Berlin, devotes a two column article to the military influence of America on the war, on which he says it will be necessary to reckon if the struggle lasts until 1918. He states that first and foremost the powerful influence of American intervention on Germany's opponents and on neutrals is already evident and that the effects must not be underestimated.

Captain von Salzman assures his readers that in regard to quality the American soldiers will not attain the standards of brilliance characteristic of the French and German armies, or their talent in leadership, finesse in execution and quickness of decision, but that America's military contribution, the Great Britain's, will find expression in numbers and mechanical application of brute power. America's numbers, he writes, are counted upon by the entente in respect of men, artillery and particularly aviators. Incorporated in divisional units with British and French troops, as Captain von Salzman expects the American forces to be, he says will be worthy opponents.

Nevertheless the Americans will not affect the result on the western front, he writes in conclusion, because Field Marshal von Hindenburg says the submarine will force a decision before they become a decisive factor.

## ARGENTINE DEMANDS APOLOGY FROM KAISER

(ASSOCIATED PRESS TELEGRAM) London, July 6.—According to a dispatch from Buenos Aires to the Times, the Argentine government has demanded an immediate apology and indemnity from Germany for the torpedoing of the Argentine vessel, Curacoa and Toro, and a guarantee that the Argentine flag will be respected in the future.

A dispatch from Buenos Aires last Sunday said that the Argentine government was determined to enter a claim against Germany for the sinking of these vessels and that a note embodying the demands was sent to Germany the day before.

## NEW SOUTH WALES PREMIER ESCAPES DEATH ON FRONT

(ASSOCIATED PRESS TELEGRAM) London, July 6.—W. A. Holman, premier of New South Wales, narrowly escaped death during a visit to the western battle front Monday. A German shell burst a few yards distant, bruised him, tore his clothes and inflicted a severe shock. His complete recovery is expected.

## MORE GOLD RECEIVED.

New York, July 6.—Gold amounting to \$5,500,000 and carrying the total of the present movement up to \$126,931,000, was received here today by J. P. Morgan & Co., from Canada, and sold to the federal reserve bank. The total for 1917 is now \$521,031,000.

## MOTHER JONES' SPEECH INCITED CAR STRIKERS

One Man Shot In the Neck When Riot Followed Speech

## OFFICIALS RESTORE ORDER BY PROMISES TO STRIKERS

Illinois National Guard Ordered to Scene of the Disorder

(ASSOCIATED PRESS TELEGRAM) Bloomington, Ill., July 6.—Nine companies of Illinois National Guardsmen, comprising about 1,400 men, were ordered to this city today to restore order following a night of rioting, caused by the strike of employees of the Bloomington & Normal Railway and Light company. The strike has been in progress for several weeks and had been conducted in an orderly manner until last night when "Mother" Jones, labor advocate, delivered a speech to a crowd of strikers and sympathizers.

Immediately following the meeting the crowd began attacking street cars, and the crews, several motormen and conductors being badly beaten. One man in the crowd of rioters was shot through the neck and taken to a hospital. After breaking up several street cars, the crowd started for the powerhouse of the street railway line which furnishes power and light for commercial purposes in this city. In order to avert damage at the power plant, Sheriff Flesher turned off the power.

The crowd remained for an hour or more shouting, and then started on another march. More street cars were wrecked and then the offices of the company were attacked and a number of windows smashed. Major E. E. Jones and Sheriff Flesher met the crowd and urged them to desist from further rioting, but they demanded the officers arrange a conference with the officials of the railway company. This they promised to do and then the crowd demanded that a prisoner taken during the evening be released. This the sheriff did, and the crowd dispersed.

Mayor Jones then sent a message to Governor Lowden asking for troops as there is fear of another outbreak should the proposed conference not materialize or the men fail to obtain their demand for higher wages.

The street railway system is a subsidiary of the Illinois Traction system, of which Congressman Wm. McKinley of Champagne, is president.

The troops are expected to reach here during the forenoon from Chicago and Peoria. At 8 o'clock this morning the city was quiet, although there were persistent rumors that the mob was again forming. At this hour no troops had arrived and it was said Mayor Jones had ordered the arrival of house closed pending the arrival of troops. The morning newspapers have been unable to publish owing to lack of electrical power and many other industries are similarly hampered.

## TROOPS ENROUTE.

(ASSOCIATED PRESS TELEGRAM) Chicago, July 6.—A special train of 11 cars left for Bloomington over the Chicago & Alton railway at 7 o'clock this morning. The second Army Artillery, Illinois National Guard, ordered out by Governor Lowden to suppress rioting in connection with a street railway strike there.

## NO DATE SET FOR DRAWING NAMES FOR DRAFT ARMY

(ASSOCIATED PRESS TELEGRAM) Washington, July 6.—Secretary Baker and Provost Marshal General Crowder today were completing the final details of the method to be employed in selecting registrants for the new national army, but the date of the drawings has not yet been announced. Complete organization of every local and district exemption board is necessary before the draft machinery can begin to operate. The drawings will be in Washington and indications point to the use of numbers instead of names in making selections.

As there would be exemptions among those drafted before the first increment of 625,000 men can actually be assembled, necessarily more than that number of names will be drafted on the first operation. It is probable that as many as a million or two million names might be drawn and from them exemptions will be made. Then the first army of 625,000 men will be formed. Other troops will be drawn from the remainder until it is decided to raise another increment.

## ITALIAN SHOT SIX TIMES.

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., July 6.—Police were searching today for two men who shot a man six times early this morning on East Twenty-first street. The victim had a postcard in his pocket addressed to Anastasi Colokero, care of the sheriff of Summit county. Hospital physicians said he had a small chance for recovery.

WILL MAKE HIS

216th Visit to Newark

THURSDAY, JULY 12TH

WARDEN HOTEL

9 A. M. to 7 P. M.

C. C. WEIST, M. D.

IF YOU ARE SICK SEE  
DR. WEIST

Practice Limited

To chronic affections of the Head,  
Nose, Throat, Stomach, Liver, Bow-  
els, as Indigestion, Dyspepsia, Bil-  
iousness, Constipation, Diarrhoea,  
Blood, Heart, Skin, Rheumatism,  
Eczema, Pimples, Blood Poison, Bad  
Blood, etc.Nerves, Spine, as Neuralgia,  
Headache, Sleeplessness, Dizziness,  
Nervous Exhaustion, Despondency,  
Loss of Memory, etc.

Home Treatment for Women

Dr. Weist's treatment for women  
does not include any humiliation. No  
operations, remedy is harmless and  
can be used privately. Consultation  
free and confidential.

Diseases of Men

Dr. Weist wants a private, heart to  
heart talk with every man who is  
weak, nervous, broken down, dis-  
couraged, or suffering from any dis-  
ease caused by ignorance, excesses,  
contagion, incompetent treatment or  
neglect.

Why Consult Dr. Weist?

He has made regular monthly  
visits to this community for fifteen  
years, and has an established prac-  
tice. His practice is limited to  
Chronic Diseases, and he has spent  
practically all his life in the study  
and treatment of them. His prac-  
tice consists mainly of long-standing  
cases who have failed to get satis-  
faction elsewhere.

Remember

That Dr. Weist invites you to call  
and consult him and investigate his  
work and method of treatment and  
that he charges absolutely nothing  
for consultation and examination.

C. C. WEIST, M. D.

Hotel Denison, Columbus, Ohio

Frost doesn't nip canned vege-  
tables.STILL WRANGLING  
OVER DRY CLAUSE  
IN THE FOOD BILL

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 6.—Final dis-  
position by tonight of the prohibi-  
tion section was forecast when the  
food control bill was again taken  
up in the senate today, although a  
sharp struggle was promised. Both  
the "wets" and "drys" were lined  
up for the contest.

It was strongly indicated that the  
so-called administration "comprom-  
ise," providing only that distilla-  
tion of foodstuffs for intoxicating  
beverages shall cease, would be  
adopted by a big majority. This pro-  
posal is intended as a substitute for  
the Gore amendment prohibiting  
manufacture of distilled beverages  
during the war and authorizing the  
president to suspend manufacture of  
malt, fermented and vinous intox-  
icants.

The food bill was taken up in the  
senate under an agreement to begin  
consideration of the prohibition sec-  
tion at 2 o'clock this afternoon with  
debate limited.

The agreement was reached only  
after threats of invoking the new  
closure rule.

Senator Chamberlain, in charge of  
the bill, hopes to reach another  
agreement for a final vote on the  
bill itself by next Wednesday or  
Thursday.

He plans to resort to the closure  
rule unless an understanding can be  
reached for a vote by that time.

An amendment by Senator Cham-  
berlain was adopted providing that  
the minimum price of any neces-  
saries sold by the government shall not  
be less than the minimum guaran-  
teed price of products.

Vice President Marshall laid be-  
fore the Senate the report of the  
Chicago federal grand jury into  
prices of foodstuffs in that section.  
It was read and ordered inserted in  
the record.

Senator Curtis introduced the bone  
dry prohibition provision contained  
in the bill as it came from the  
house.

The consideration of committee  
amendments was interrupted by Sen-  
ator Borah who spoke in favor of  
the prohibition section. He said pro-  
hibition was not only needed in or-  
der to conserve the supply of food  
products but was necessary to con-  
serve human energy and efficiency  
"in order to meet the industrial  
strife when the war is over."

When he cited the decrease of  
drunkenness and crime in England  
with the curtailment of the liquor  
traffic by the government, Senator  
Reed called attention to London  
press dispatches announcing an in-  
crease in the allowance of beer.

When he cited the decrease of  
drunkenness and crime in England  
with the curtailment of the liquor  
traffic by the government, Senator  
Reed called attention to London  
press dispatches announcing an in-  
crease in the allowance of beer.

PARENTS SEARCH FOR SON  
SEVEN YEARS; ARE HOPEFUL

(ASSOCIATED PRESS TELEGRAM)  
Chicago, July 6.—After following  
a trail for seven years and living in  
32 different cities in an effort to  
find their son, Joseph, Mr. and Mrs.  
Philip Karinski, of Detroit, believe  
today they have discovered the boy,  
who was taken from them when 3  
years old. The boy they believe to  
be their son is said to have been  
adopted by a wealthy family in a  
suburb of Chicago.

ONLY BRIEF SESSION OF  
REICHSTAG IS PERMITTED

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, July 6.—The steer-  
ing committee of the Reichstag, ac-  
cording to a dispatch received here,  
has decided to terminate the mid-  
summer session by the middle of  
next week, if possible, and adjourn  
until the end of October. Brief ses-  
sion accords with the government's  
wishes and signifies the abandon-  
ment of the additional representa-  
tion of some 30 overgrown districts.

## BERLIN'S STATEMENT.

(ASSOCIATED PRESS TELEGRAM)  
Berlin, July 6, via London.—An  
artillery battle of great violence de-  
veloped yesterday between Zborov  
and Brzezany in eastern Galicia.  
says the official statement issued to-  
day by the German army headquar-  
ters staff. The bombardment dimin-  
ished during the night but increased  
in intensity at daybreak today. The  
artillery activity was also very lively  
at intervals further north on the  
eastern front at Zyrzyn, Brody and  
Smorgon.

"Shock" troops of the Wuerttem-  
burg regiments engaged in bitter  
hand to hand fighting with French  
soldiers last night north of the  
Aisne, says the German official  
statement issued today. A large  
number of Frenchmen were taken  
prisoners.

## FIRE THREATENS SHIP.

(ASSOCIATED PRESS TELEGRAM)  
Bordeaux, July 6.—A fire broke  
out today among some moving pic-  
ture films in the forward part of a  
steamship in dock. The flames had  
damaged the upper structure of  
the ship and spread to the main de-  
ck on the wharf. The conflagra-  
tion was extinguished after consid-  
erable loss. An official inquiry has  
been opened into the causes of the  
fire.

## WATCH CABLES CLOSELY.

(ASSOCIATED PRESS TELEGRAM)  
Washington, July 6.—A consor-  
tium of outlying cables undoubtedly will  
be made much more rapid to in-  
vent spies from sending information  
to the enemy. Many officials be-  
lieve information is reaching Ger-  
many now in the form of commu-  
nications cables from the United  
States to European neutral coun-  
tries. Already it is said, the gov-  
ernment in cases that excite suspi-  
cion is changing the wording of  
messages.

In finding your place in the world  
it is better to begin at the bottom of  
the ladder than to tumble from the  
top.

BAKERS WILL REFUSE TO  
ACCEPT UNSOLD GOODS

(ASSOCIATED PRESS TELEGRAM)  
Toledo, O., July 6.—Master Bak-  
ers representing 14 companies in  
Lucas, Wood, Fulton, Ottawa, San-  
dusky, Henry, Williams, and Defi-  
ance counties met here last night  
with S. O. Richardson, member of  
the National Defense Council. They  
agreed to work together for food  
conservation and adopted a resolu-  
tion to accept no returns of unsold  
goods from retailers after July 10.  
They assert this will save four per  
cent of the production.

SPAIN WANTS PARLIAMENT  
TO GRANT LOCAL AUTONOMY

(ASSOCIATED PRESS TELEGRAM)  
Madrid, July 6.—Sixty Catalonian  
senators and deputies met in Barce-  
lona yesterday and asked the gov-  
ernment to give administrative au-  
tonomy in provinces.  
They decided also that if the gov-  
ernment did not immediately sum-  
mon parliament that they would  
themselves call upon members of  
parliament to meet in Barcelona  
July 19.

Ninety-nine Liberal senators and  
deputies met in Madrid and approved  
the international policy of Count  
Romanones, former premier.

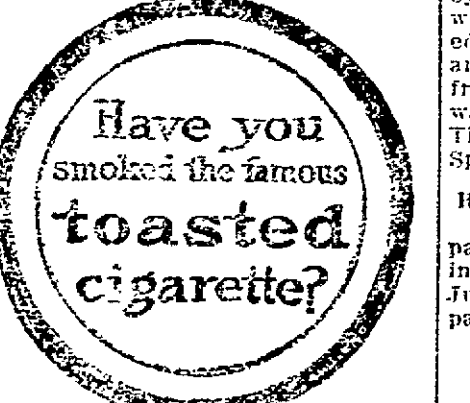

## LABOR PROBLEMS SOLVED.

(ASSOCIATED PRESS TELEGRAM)  
Paris, July 6.—At a meeting of  
the Spanish cabinet presided over by  
King Alfonso, as reported in a Havas  
dispatch from Madrid, Premier Dato  
outlined the situation in regard to  
labor problems, most of which were  
said to have been solved in a satis-  
factory manner. Dealing with the  
diplomatic situation the premier re-  
ferred to comments in the foreign  
press which he did not consider just.

He spoke particularly of articles  
in the French and British press in  
regard to the action of the govern-  
ment in permitting the departure  
from Cadiz of a German submarine  
which put in there and was repaired.  
The premier said Spain had adhered  
strictly to a neutral position and had  
acted with the support of public opin-  
ion which desired maintenance of  
neutrality.

## COTTON PLANT BURNS.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Texas, July 6.—The plant  
of the Trans-Continental Compress  
company, with its contents of 2,700  
bales of cotton was destroyed by  
fire last night, entailing a loss es-  
timated at more than \$400,000.  
Officials of the company express  
the belief that the fire was of in-  
cendiary origin.

Guaranteed by  
The American Tobacco Co.

GERMAN AGENTS  
SEE TRANSPORTS  
READY TO DEPART

Washington, July 6.—The spy  
hunt has brought these develop-  
ments:

1. German agents, through Ger-  
man marine insurance companies  
here, know details of the sailing of  
General Pershing's troops.

2. A censorship which will pre-  
vent the dispatching of a cable mes-  
sage or the sending of a letter dur-  
ing troop movements is contemplated  
by the government, to protect Amer-  
ican troops on the seas.

3. Secretaries Lansing, Baker and  
Daniels and George Creel today held  
a long conference on details of this  
censorship. It will cover both out-  
going and incoming messages and  
authority may be asked of congress  
to make it effective.

4. Congress, on its own initiative,  
is preparing to act to end the spy  
menace.

5. How information obtained by  
spies here can be transmitted by way  
of Mexico was shown definitely.

6. A great central intelligence bu-  
reau into which every secret agency  
of the government will report, is be-  
ing worked out. It will be the chief  
headquarters of all American secret  
services and will not be surpassed  
even by the German bureau at Ber-  
lin.

7. Legislation was discussed to  
give the president power to isolate  
the United States by forbidding any  
person to leave the country or send  
messages during troop movements.

While all official Washington was  
puzzling its head today to determine  
how German spies could obtain infor-  
mation of the movements of Amer-  
ican troops a letter received by a  
high secret service official showed  
how, through their marine insurance  
agencies, the Germans are able to  
learn the inmost details of American  
plans.

It seems that a steamer carrying  
ammunition and supplies for England  
left New York with the transport  
fleet. In the Narrows it collided  
with a barge and a hole was stove  
in the side, necessitating beaching  
the ship. The reinsurance on the  
vessel had been placed with German  
companies. They sent their men out  
to inspect the ship. In going to the  
ship these agents passed the trans-  
port fleet, then ready to sail.

GARMENT WORKERS MAY  
SETTLE STRIKE PEACEABLY

(ASSOCIATED PRESS TELEGRAM)  
New York, July 6.—Peaceful set-  
tlement of the demands of 60 mem-  
bers of the International Ladies  
Garment Workers' Union for a 20  
per cent increase in wages is ex-  
pected as the result of conferences  
now in progress between represen-  
tatives of the union and the Cloak,  
Suit and Skirt Manufacturers' Pro-  
tective Association. At the close of  
last night's conference Benjamin  
Schlesinger, president of the union,  
said the differences between the  
workers and employers would be  
settled without bringing the indus-  
try into a strike.

FOUR TOLEDO DOCTORS  
FAILED TO RECORD BIRTHS

(ASSOCIATED PRESS TELEGRAM)  
Columbus, July 6.—Vigorous  
prosecution of a campaign to require  
all physicians to record births, as  
required by the International Birth  
Records Act, will be continued in-  
definitely with arrests for delin-  
quencies. Dr. J. E. Monger, head of  
the state vital statistics bureau,  
said today. He had just returned  
from Toledo where four physicians  
were arrested and convicted yester-  
day.

## NORWEGIAN VESSEL SUNK.

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, July 6.—The sinking  
by a German submarine of the Nor-  
wegian steamer Benguela is report-  
ed by the Tidens Teg of Christi-  
ania. The steamer was on her way  
from England for Philadelphia and  
was insured for 4,000,000 kroner.  
The crew was transferred to a  
Spanish steamer.

## RECRUITING STATION CLOSED.

(ASSOCIATED PRESS TELEGRAM)  
Youngstown, July 6.—The police  
force of Alliance 12 patrolmen, will  
go on strike tonight if council does  
not make their pay from \$85 per  
month to \$110.

## POLICE FORCE STRIKES.

(ASSOCIATED PRESS TELEGRAM)  
Youngstown, July 6.—The police  
force of Alliance 12 patrolmen, will  
go on strike tonight if council does  
not make their pay from \$85 per  
month to \$110.

## Menin's Bid For Fame.

"It is barely possible that had there  
been no Menin there might have been  
no world war, for it was at the siege  
of this little Belgian city in 1914 that  
the Hunoverian army officer, Scharn-  
horst, won his first distinction. Sub-  
sequently he wrote a military paper on  
the escape of the Menin garrison, and  
this brought him to the attention of  
staff officers of various German states,  
and he was offered several commis-  
sions. He accepted service under the  
king of Prussia, and from this time  
dates the beginning of activities that  
eventually resulted in the establish-  
ment of the Prussian military system  
which was the genesis of the holo-  
caust of nations. It was Scharnhorst,  
the hero of Menin, who induced his  
sovereign to put aside the Prussian  
professional long service army which  
had been shattered at the battle of  
Jena and to inaugurate the policy of  
universal service. This was not order-  
ed, however, until after the origina-  
tor's death from a wound inflicted at  
the battle of Lutzen in 1813."—National  
Geographic Society Bulletin.

Turn about is fair play. The early  
bird catches the worm, but the early  
worm catches the fish.

CITIZENS GO AFTER  
SCALPS OF POLICE  
IN EAST ST. LOUIS

(ASSOCIATED PRESS TELEGRAM)  
East St. Louis, Ill., July 6.—The  
resignation of Chief of Police Payne  
of East St. Louis and of Cornelius  
Hickey, night chief of police, will be  
demanded of Mayor Molman, by the  
citizen's committee of the Chamber  
of Commerce it was announced by  
the committee today.

The committee will demand the  
resignations of the three members of  
the police board, or a promise of  
radical reforms.

This determination is a direct re-  
sult of the race riots here Monday  
in which 37 persons lost their lives.  
The outbreak was the result of a  
long reign of lawlessness, and in-  
competent police officials. L. V.  
Joyce of the Chamber of Commerce  
declared today.

SHIPBUILDERS GRANT  
DEMANDS OF WORKMEN

(ASSOCIATED PRESS TELEGRAM)  
New York, July 6.—Although the  
situation regarding striking ship  
yard employees appeared to be un-  
changed today, it was said by union  
leaders that six of the ship building  
companies had granted the demands  
of the men. Union leaders esti-  
mated that about 6,000 of the 12-  
000 ship yard employees in the New  
York and New Jersey districts were  
on strike. The men ask \$4.50 a  
day, an increase of about 50 cents a  
day over the present wage scale.

## STUDIES FRENCH AIRCRAFT.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Thursday, July 5.—Major  
Raynal Bolling arrived in Paris to-  
day on a special mission for the  
American department.

Major Bolling, a member of the  
aircraft production board of the  
Council of National Defense, was sent  
abroad to study aircraft production  
as one of the members of an  
aircraft commission. Before  
going to France he spent some time  
in England.

## ADVISED MEXICANS TO FIGHT.

(ASSOCIATED PRESS TELEGRAM)  
San Antonio, Texas, July 6.—  
Charged with circulating literature  
advising Mexicans to arm for of-  
fensive and defensive war on the  
United States, Jose Quiroga is under  
arrest here today on complaint of  
the department of justice. Quiroga,  
according to United States Marshal  
John Dibrrell, is a brother of the  
late General Miguel Quiroga, who  
was prominent in the Reyes revolu-  
tion in Mexico.

## CENSORSHIP LIFTED.

(ASSOCIATED PRESS TELEGRAM)  
Copenhagen, July 6.—In con-  
sequence of vigorous representations  
in the Reichstag main committee,  
the preventive censorship imposed a  
few days ago on the Frankfurter  
Zeitung has been raised. The measure  
was the result of a financial  
article by Professor Weber, of  
Heidelberg University, on the finan-  
cial and exchange situation.

## THE FIRST LINE OF DEFENSE

Pure blood is the body's first line of  
defense against disease.

Healthy blood contains small  
amounts of antitoxins that neutralize  
the poisons of invading germs or de-  
stroy the germs themselves. That is  
why so many people exposed to dis-  
ease do not contract it. Those whose  
blood is weak and therefore lacking in  
defensive power are most liable to in-  
fection. Excessively pale people are  
less liable to attacks of cold and the grip  
than are pale, bloodless people.

To build up the blood there is one  
remedy that has been a household  
word for a generation, Dr. Williams'  
Pink Pills for Pale People. They tone  
up the entire system, make the blood  
rich and red, strengthen the nerves,  
increase the appetite, put color in the  
cheeks and lips and drive away that  
unnatural tired feeling. Plenty of  
slightly good wholesome food and  
fresh air will do the rest.

Two books, "Building Up the Blood"  
and "What to Eat and How to Eat"  
give just the information that every  
mother of a growing girl needs. They  
are free. Write for them today to the  
Dr. Williams Medicine Co., Schenec-  
tady, N. Y. Your own druggist sells  
Dr. Williams' Pink Pills.

DRAFT NUMBERS NOT  
DRAWN; YOUNG MAN  
HAD SEVERE SHOCK

Some irresponsible party whose  
"base of operations" is not known  
caused consternation among some of  
the young men of the city subject  
to draft under the conscription law,  
when a series of numbers, said to  
have been drawn in Washington,  
were reported to have been flashed  
on a picture screen. The numbers  
given were 5, 9, 11, 17, 61, 62, 67,  
97, 100, 125, 145, and 146 "in each  
precinct."

The story was well faked and hun-  
dreds of young men all over the  
state, for the plot seemed to cover a  
large territory and in Newark one  
man is said to have been so shocked  
by the "news" that he turned white.

The eligible young men, those who  
want to be drafted and those who  
don't, can take another full breath.  
The numbers have not been drawn  
in Washington or elsewhere, and  
when they are, the Associated Press  
and the Advocate will give the news  
authentically and as accurately as  
telegraphy will permit.

## OHIO GUARD IN SERVICE

JULY 15 SAYS GEN. WOOD

(ASSOCIATED PRESS TELEGRAM)

Columbus, July 6.—The Ohio  
National Guard will go into feder-  
al service July 15, units gathering  
at armories to await instructions for  
mobilization, according to a mes-  
sage to fellow officers from Adju-  
tant General George H. Wood, who  
is in Washington on matters relat-  
ing to the Ohio guard. He says the  
original order of the war depart-  
ment has not been changed, as many  
reports intimated.

## TROLLA VICTIMS RECOVER.

(ASSOCIATED PRESS TELEGRAM)  
Painesville, O., July 6.—Hospital  
physicians today said that eleven per-  
sons injured in a collision on the  
Cleveland, Painesville & Eastern  
Traction line last evening, were out  
of danger today. The accident occur-  
ed when an eastbound limited car  
collided with a westbound car on a  
curve near here.

## THIRD CIRCUS DUE HERE AT DAYLIGHT NEXT SATURDAY: GENTRY BROTHERS' PLEASES KIDS

Tomorrow is circus day in Newark, the third time this season, for the Gentry Brothers' Famous Shows will roll into the city over the Pennsylvania at the crack of dawn and begin their huge task of hauling their equipment to the Eleventh and Jefferson circus grounds, where a tented city will seemingly in a jiffy house these eminently popular exhibitions.

With the four celebrated shows of former years combined, the Gentry street parade tomorrow morning will present a processional pageant of great beauty and novelty. In fact,

the parade this season has been repeatedly termed the handsomest in America. It will traverse downtown streets at 10:30 o'clock and the lilting music of red-coated bands, one of which is an Hussar band and mounted will vie with the horse-throated chant of the three calliopes in announcing the fact that "the greatest show on earth for children" is in the city for two superb performances, afternoon and night, and that the enlarged shows have an added and absorbing appeal to adults.

For an hour before the big show,

"Tommie," the baby of the famous Gentry herd of performing elephants, will ride the children about the menagerie tent, and in this joyous play he will be assisted by the camels and the 155 performing ponies. When the rush becomes too great, the other elephants are loaded with kiddies and then the sport in the big tent becomes merry, indeed.

The greatest animal show in America, varied with circus features of prime excellence, will interest grown-up Newark tomorrow under the great Gentry arena tent.

## SERBIA'S FATE IS TRAGEDY OF THE GREAT WORLD CONFLICT NOW RAGING

Washington, D. C., July 6.—The condition of the Serbian army, after nearly three years of the bitterest experience undergone by any of the entente allied forces, is described by Herbert Corey, the war correspondent, in a graphic communication to the National Geographic Society, a part of which is issued as the following war geography bulletin from the society's Washington headquarters.

"The Serbs are the poor relations of the allies. They are armed with the old St. Etienne rifle which the French discarded. The artillery in support has been cast from other fronts. Their surgeons are borrowed surgeons, for the most part. They are uniformed and fed by the French, and Great Britain loans them money. They never have enough cars, even for staff use. Sometimes they have not enough food. But they always have enough ammunition and they find enough fighting for themselves.

"The Serbian army began the great retreat of 1915, 250,000 strong. Not more than 150,000 reached asylum on the island of Corfu after the winter's fight through the snow-filled passes of Albania and Montenegro. In the confusion of those days someone had forgotten. There was not sufficient food or clothing or medicines for nursing waiting them. Men who had struggled through the winter died on the open beaches of the island of Vido.

"Dying men dug their own graves and then dug the graves of the men already dead. Not more than half were fit to serve again when the fall campaign of 1916 began.

"The Serb Army Today.  
"It was a sad army—a bitter army—but not a despairing army that I accompanied last winter. Many of these men were 'cheechas,' in the Serb phrase. When a man reaches the age of forty he becomes 'uncle' to his neighbors. Some of these men were in the fourth line before the war.

"Serbia to the Serb peasant means the little white cottage, the plum orchard, the ten acres of ground. Few of them had been 50 miles away from home when war began five years ago in the Balkans. Fewer have seen their homes since. They

railroad. Surveys are to begin within 30 days.

## AMBITION PILLS

FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out men in despondent people in a few days.

Anyone can buy a box for only 50 cents and J. B. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchase. Thousands put them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind.

For any ailment of the nervous system Wendell's Ambition Pills are unsurpassed. They are for hysteria, trembling and vertigo, they are simply splendid. Fifty cents at J. B. Evans and peddlers everywhere.

## SAXON DIET BREAKS WITH GOVERNMENT; REFORMS REFUSED

(Associated Press Telegram)  
Copenhagen, July 6.—A dispatch from Dresden says the Saxon diet which Tuesday warned the government of a disappearance of the sentiment of loyalty toward the king and also of a coming upheaval unless the government mend its ways, has now broken openly with the government. This action is a consequence of the refusal of Count von Vitzthum D'Eckstadt, premier of Saxony, to authorize the diet committee on constitutional reform to continue its labors. The diet refused to give the necessary authorization to settle fuel problems and it must therefore be reconvened not later than August. This will enable the constitutional committee to resume work.

Man and Civilization.  
The marvelous progress of the last fifty years has lulled us into a sense of self confidence and security as regards our racial progress, says Dr. Eugene Lyman Fisk in the Scientific Monthly. Dr. Fisk believes that "civilization" has not improved mankind.

"I do not think we have any evidence that man as an organism, whether in regard to his physical or mental capacities, now presents a higher average type than characterized the nations of antiquity. Indeed, so far as his physical structure is concerned, there is much evidence to the contrary, and I think we may be assured that the great minds of antiquity would have made equally good use of present day knowledge if they were with us today and in a position to utilize it."

Kneeling Horses.  
In ancient times, before the invention of stirrups and luxurious saddles, horses were taught to kneel to permit their riders to mount. A beautiful Greek vase in one of the museums in Petrograd shows a war horse of many centuries ago kneeling low before an amazon. The riders in those days mounted from the "off" side in contradiction to the modern usage. Plutarch tells how in the first century of this era certain effeminate Roman riders found even the horse block of too little assistance and had their horses trained to kneel to them.

Joan of Arc's Bell.  
In the cathedral church of Notre Dame, Paris, there is a bell which dates from the days of Joan of Arc—"the blessed bell" which sounded the tocsin when the Maid of Orleans appeared in August, 1429, and Paris was besieged by the English. This historic bell, referred to by Victor Hugo in "Notre Dame de Paris," was given to the cathedral in 1499 by Jean de Montaigne. It was refounded in 1656 and then re-baptized under the name of Emmanuel Louise Therese in honor of Louis XIV. and Marie Therese of Austria.—London Globe.

## PLAYED OUT LAWYER LOOKS LIKE NEW

ALL HIS FRIENDS PLEASED.

For a long time he kept the secret of the wonderful change to restored health and recovery from nervous breakdown, but at last because of the help it might be to his friends he thought it only fair to tell them, and now they are all like him, have "come back" and feel like doing things.

He took PHOSPHATED IRON and it took hold of him immediately, he says he felt better "right off the reel" and you never saw a more thankful and pleased man, he cannot say enough in praise of PHOSPHATED IRON. He says it seemed as if his whole system just craved the IRON, it was absorbed so quickly, the color came back to his cheeks, his step had that old time boy swing and spring, while as for his nerves, the Phosphates got right to work, cleared up the cobwebs and befuddled brain, so he could think better and act quicker, his judgment was right again, he had decided that he lacked for years, no wonder he is a pleased booster of Phosphated Iron.

Mr. Professional Man or Woman, Mr. Office Man or Bill Clerk or Stenographer who is all in and feels that he is not sick and he is not well, but who knows he is not right, PHOSPHATED IRON is just what you need, it will tide you over, put you right, you will feel "on the job" and work will be a pleasure. Special Note. To insure your receiving the genuine Phosphated Iron we have put up in Capsules Only. Do not allow dealers to substitute Tablets or Pills. Evans' Drug Store, Newark, and leading druggists everywhere. (Adv't.)

## CONTINUAL ROUND OF PLEASURE FOR FARMERS' PICNIC

The executive committee of the Farmers and Merchants picnic to be held at the Licking County Fair Grounds, Thursday, July 26, have decided that no soliciting or advertising will be allowed on the grounds that day, which is to be one of social pleasure. All Newark stores will be closed for the day.

Preparations for the big event are in progress. The chairmen of the various committees are selecting their assistants and getting down to real hard work, everyone determined to make this event bigger and better than last year, when it was estimated from 25,000 to 30,000 people were on the grounds and had the time of their lives.

The program committee is obtaining speakers of national reputation to talk on live up-to-date subjects. It is arranging for good music, contests for men, women, boys and girls, good dancing, fine horse races, prize drills and other events to be announced later.

All prizes, with the exception of the horse races, will be paid in cash and strong rivalry is expected in every event.  
The day's program will start at 9 o'clock and there will be one or more entertainments going on all the day until sundown. Let everyone arrange to come early and prepare to stay late to enjoy Licking County's big day. The picnic is under the auspices of the Newark Chamber of Commerce and the Newark Grocers' Association. The executive committee includes Geo. Hermann, general chairman; R. Lindorf, David C. Metz, Jesse Elliott, Clarence A. Johnson, W. H. Mazey and Frank P. Winn.

Famous Statue of Liberty.  
The statue of Liberty Enlightening the World, which stands in New York harbor, was a gift from France to the United States. Shortly after the establishment of a republic in France, in 1870, a movement was started there in favor of erecting some kind of permanent memorial of the fraternal feeling between France and the United States. In 1874 an organization was formed there called the French-American union, and a popular subscription was begun, which realized a very large sum, many prominent Frenchmen contributing. The statue was done by Frederic Bartholdi. The United States government set apart an island for its location, and Americans contributed money to build its pedestal, thus making it a distinctly international affair. It is of bronze, 111 feet in height, weighs 200,000 pounds and was unveiled Oct. 28, 1886.

Carnegie's Advice.  
Andrew Carnegie, who for years yielded an influence in the industrial world as great perhaps as any living man, came to this country practically penniless when he was twelve years old. His phenomenal rise in life may be attributed to his following clear principles and methods. In an address to students in a commercial college he said: "Avoid speculation; avoid indorsements. Aim high. For the question, 'What must I do for my employer?' substitute 'What can I do?' Begin to save early—capitalists trust the saving young man." Concentrate your energy, thought and capital; fight it out on one line."

Announcement comes from Florida that the construction of a railroad from Fort Myers to Bonita Springs is assured. This railway construction together with the new pike now two-thirds completed will put Naples-on-the-Gulf "on the map."

Several years ago Edward W. Crayton, the late James Hamill, Fred Mosteller and others acquired 8,000 acres of land at Naples and since then the Naples Improvement company of which Mr. Crayton is president and general manager, has been developing the property. A 65 room modern hotel was operated to capacity at Naples last winter. Already a number of winter homes have been built by the company or by purchasers of lots into which a part of the tract was divided. A big golf course was completed last year. A good pike is now being built between Naples and Ft. Myers, 36 miles. One-third of the work yet to be done will be completed by Dec. 1st. The railway construction, an extension of the Atlantic Coast line, will bring the railroad to Bonita Springs, which is fifteen miles from Naples. The new road which the Ft. Myers Press announces is assured will give a rail outlet for the citrus fruits and truck grown in the Naples section and will also open up great tracts of virgin pine forest. H. E. Leitman has been elected president of the company that will build the

## MANAGING A VACATION.

As the hot days arrive, it is, as usual, time to consider taking a vacation. Of course, some people take one all the year round. But even by hard-working people a vacation can be either used or abused. Indeed, it seems that many persons fall to get very much good from their holidays. They even take harm.

How else can one explain the frequency with which the question is asked, "Have you recovered from your vacation yet?" Of course, this may refer only to a fact commonly known, that after you have broken your regular routine for a while, it does take a day or two to get back into harness, even though you are feeling better than when you left home. But the need of "recovery" from a vacation may run somewhat deeper. It may mean that you didn't think the situation over carefully before you started.

Everyone ought to ask himself, before going on a vacation, "How tired am I as a matter of fact?" Just a little mentally weary and feeling a change, or tired clear through, mind fatigued, and body run down? If a person has reached this second stage, then he ought to lay aside all intention of having a strenuous vacation and give himself all the rest he can possibly get. Some physical exercise each day may be all right, but it should be stopped the moment the muscles grow tired.

On the other hand, if you are feeling fairly fresh when you start it will probably do you good to enter with enthusiasm into all possible plans for excursions and diversions, even to force yourself a little in pursuit of them. It may be just the thing to start sluggish nerves into new life.

If you cannot take a vacation, it is always well to arrange some little changes in your usual routine. Try sleeping outdoors for a while. Go on a short trip or two, if only for the afternoon. One hard working woman in a big city library was asked if she ever took a vacation. "Why, no, I don't need to," she promptly replied. "I just change my work—that's all the vacation I need!"

## COLLEGE LESS A LUXURY.

One thing we may be seeing before long is a better chance for boys to work their way through college. In recent years, the tide has been going somewhat against them. Some institutions have increased their tuition fees, and, of course, the cost of living has risen. Meanwhile, in many college towns, the number of jobs a boy could find, to help meet his expenses, has fallen off.

Now, however, a movement is under way to bring the college course under three years, instead of four. The plan is to cut out the long summer vacation and run the college plant all the year round. No student would be compelled to attend in the summer months. But many boys who could raise the money for three years' attendance, when they couldn't raise it for four, and who want to get into business as quickly as possible, would doubtless take the chance gladly.

This doesn't yet meet the case of the boy who has to earn as he goes, you may say. He needs the summer months to work on a paying job, doesn't he?

Quite so, but the new plan provides for this also. It divides the college year into four quarters, each complete in itself. When a student's money runs out, or when the right job offers, he can stop or winter, can leave at the end of any quarter and return when he pleases. All he must do is to finish a total of

## Daily History Class—July 6.

1747—John Paul Jones (John Paul), distinguished American naval commander, born; died 1792.  
1802—General Daniel Morgan, Revolutionary hero, died; born 1736.  
1915—Austro-German offensive in Galicia ended with complete success.  
1916—French attempt to recapture Damour hill, Verdun, repulsed.  
Neutral powers protested against seizure of Germans on board of neutral ships.

## ASTRONOMICAL EVENTS.

Constellation Serpens stretches along the southern sky toward the eastern point. Venus sets an hour after sunset. Mars and Jupiter rise shortly before twilight begins.

## WHEATLESS DAYS.

"If everyone in the country would eat no wheat products for two days in the week, it is evident that two-sevenths of the wheat consumed would be saved."

"Now multiply that two-sevenths into the five hundred million bushels of that used annually in the United States and the saving is one hundred and forty-three million bushels in round numbers."

It would be a blessing," Dr. Wiley continued, "if it were possible to find out how many housewives have adopted, or will adopt, of their own volition, the recommendation for 'wheatless' days. The percentage who do this, in my opinion, will be small. But why confine this suggestion to housewives? Why not ask the hotels, restaurants, and the dining cars to do the same? That would be a more fruitful field as the proprietors of the hotels and restaurants and the managers of the railway cars could give orders and see that they were obeyed."

It is said on high authority that this and other suggestions which Dr. Wiley is making through Good Housekeeping Magazine will be among the first to be considered by Mr. Hoover in view of Dr. Wiley's long continued and important work in food conservation. Dr. Wiley will be remembered by many Newarkers who heard him during the chautauqua season two or three years ago.

## LLOYD GEORGE'S OVER-TURES.

(Philadelphia Record.)

Some people in England understand Lloyd George's speech in Glasgow last week to have been a new announcement of the peace terms of the allies, but if the speech was made with any such purpose there was certainly no effort to conciliate German opinion, or to facilitate the German government's opening of negotiations. There is not a word to indicate that the allies are disposed to make better terms than those broadly intimated last winter. There is little suffering from war in England and France compared with that in Germany. The internal politics of both countries are tranquil. No clamor for peace comes from the people of either nation. Neither officially nor unofficially is there the slightest indication of a desire to make the road to peace easier for the central powers.

Mr. George leaves no doubt that Belgium has got to be evacuated, and compensation has got to be rendered, and he is perfectly explicit that Mesopotamia and Armenia will never be subjected again to Turkish tyranny. Unequivocally he declares that Prussian militarism will have to be broken down before it will be safe for the allies to make peace.

Of course, an absolutely essential step to this end is the conversion of the government from an autocracy to a popular government, in which the executive is under the control of the representatives of the people. Mr. George does not prescribe this or any other medicine for the serious ailment from which the German people are suffering. The sort of government they are to live under is for the Germans themselves to determine. But he does suggest that in negotiating for peace the allies would, of course, feel much more confidence in the party they were dealing with if it were a government selected by the people.

Here is a delicate and a very important suggestion to the German people, that if they will take their government into their own hands, so that its acts are regarded as those of the nation, the allies would not need the same measure of guarantees that they would need if they were dealing with a chancellor responsible to the kaiser and not to the people, and a kaiser who disclaims any responsibility except to "our good old German God." The allies must assuredly have the most unimpeachable guarantees, or they must deal with the nation itself. An autocratic government, which declares that governments are not subject to any moral law, and which tears up treaties as "scraps of paper" 24 hours after giving oral assurances that they will be respected, is not a government that the allies can trust further than the range of their big guns.

## THE AMERICAN BLUFF.

(By Hapsburg Lieber.)

A United Press staff correspondent, who is with the British Armies in the field, sends us a bit of news that should have the attention of every citizen in the United States. It concerns a talk he had with a Prussian officer, the great air fleet in the building, the destroyers sent to the submarine zone—all that and the rest, he said, was "Bluff."

This arrogant officer is from the Prussian Missouri, it seems. But one can hardly laugh at him. We have been woefully lazy in our support of the Government. We are still woefully lazy in our support of the Government.

It's up to you and me, plain everyday Americans, to show our enemies that the United States is not bluffing; that she means it. There are three great ways of doing that. First, by going over to France to fight, second, by doing everything possible both to conserve and swell the economic resources of the country; third, by giving your time and your money to your country as often as she asks for them. The most pressing need just now is for trained soldiers. But there is always the need of growing more foodstuffs and wasting less.

We're going to need it, brother. It's going to take a stupendous amount of food to feed a big American army in France, and the British and French Armies in France, perhaps, and the inevitable sub-

marine. One can hardly even imagine the amount of foodstuffs that those millions of fighting men and the submarines can consume.

Don't you permit yourself to believe for a minute that Germany and her allies are even half whipped. They are not. You're thinking of these daily British victories. I know; but the Germans are still in France! The British and French are always winning, and yet, the Germans are still in France.

Now if Germany should make peace with Russia—and I believe she will—and whip and starve the others of her enemy nations into submission before the United States gets fairly into the arena, we will pay that "staggering indemnity!" Do you get that?

"Oh, no, there are some who will say: 'she can't come over here and take it.' She would then be four times mistress of the seas, and then America would have to pay that indemnity or be as much cut off from the world as an uncharted island. Jam that into your pipe and smoke over it, brother American, and then wake those tightly slumbering neighbors of yours and tell them about it."

## A VICTORY AND A LEAK.

(Cleveland Plain Dealer.)

There is a thrill pride for every American in the news that German U-boats were twice repulsed by naval gunners in attacks upon the flotilla which bore the first contingent of United States troops to France. The incident accords with the best traditions of the American navy. It indicates the prime readiness of the navy for whatever duty war may put it.

A lot of partisan slander has been uttered derogatory of this branch of the American military service and of those responsible for the maintenance of its past high standards. But the navy has met every test put upon it by the present war, and met it with the highest credit. The navy was the one department of the national defense that was ready when war came, and every incident since then involving the quality of the navy has redounded to its credit.

But while Americans are indulging in the satisfaction natural after a victory of this kind, they may well ask how the German admiralty learned with such evident precision of the movement of these American troops. Few Americans knew that United States soldiers had been sent until notified of their safe arrival in France. So much for American co-operation in the suppression of information helpful to the enemy.

But Berlin knew. And Berlin dispatched a fleet of U-boats to waylay the American flotilla and murder the thousands of Americans aboard. As in the case of Admiral Sims' fleet, Germany knew what the American public had not been told.

This "leak" must be stopped. It has already twice jeopardized American lives in mid-ocean. The situation is a standing menace. It is a challenge. We should be no less efficient in ferreting out the leak and punishing its perpetrators than we have been in preventing the full fruition of their labors.

## Pointed Paragraphs

Nicknaming the United States soldiers in France Sammies at least relieves the tension engendered by the fear that they would be called Unks.—Indianapolis News.

In assessing a fine of \$50,000,000 against Rumania the kaiser was a little premature. The Rumanian commission at Washington hasn't obtained that loan it came for yet.—Kansas City Journal.

Of course Germany considers it unfair of the United States to stop supplying her with food through those of the neutrals who are afraid not to let her have it if they can get it themselves.—Macon Telegraph.

Milwaukee will remain in the Union following the president's decision as to beer.—Washington Herald.

What is needed to win the war. Lord Northcliffe says, is brains and speed. There is a growing conviction, too, that the place to use them is on U-boat chasers.—Kansas City Times.

Possibly Norway, like the remainder of the world, will learn soon that contest, not protest, is the only way to impress Wilhelm.—Milwaukee Journal.

In the fable when the mice proposed building a cat, the fatal question was who should do it. In Russia the Duma took the lead in doing it, and very naturally objects to being pushed aside now that its work is done.—Springfield Republican.

The Ohio State Journal says profanity is increasing. It should remember that it's a good deal harder to be patient with Congress now than in normal times.—Charleston News and Courier.

A liberty loan that is oversubscribed in America will be understood in Germany.—Brooklyn Eagle.

Several of the newspapers that oppose the administration, no matter what it does, are still finding fault with Mr. McAdoo's method of floating the Liberty loan. Most of the Berlin papers, too, were displeased with it. Macon Telegraph.

"The skeleton of a prehistoric man with a long tail and horns on the head has been dug up in West Virginia," says a report. We were under the impression that West Virginia was bone dry.—Washington Herald.

The food bill runs out to be largely a drink bill.—Charleston News and Courier.

Lord Northcliffe says the war is just beginning, and he has as abundant a supply of ignorance on the subject as any other man.—Florida Times-Union.

The weekly report of British shipping losses shows that the subma-

ine problem has only been solved on paper.—Savannah News.

Edgar Saltus says the murder of the Archduke Franz Ferdinand was plotted by the kaiser. That is a safe bet.—Rochester Herald.

If Germany cuts off our supply of German opera singers, we might retaliate by cutting the supply of German street bands.—Milwaukee Journal.

Is the press gagged in Germany, as reported, or has it gagged at what the censors want it to print?—Louisville Courier-Journal.

With General Pershing on the western front and General Scott on the eastern, it doesn't take a military mind to see that the next thing to be done is to effect a junction about half-way between.—Kansas City Star.

The horrors of a German army invasion would be mild compared with the unbearable agonies some of our people would find in a bone-dry America.—Springfield Republican.

## 25 Years Ago

From the Advocate, July 6, 1892.  
Mr. M. C. Baker and family will leave tomorrow for Perryville, Adams county, where they will go into camp on a branch of the Mohican.  
The members of Licking Division, O. R. C. will banquet their ladies at Kuster's on Friday evening of this week.  
Misses Minnie Overly and Jeanne Wallace of Chillicothe are visiting Mrs. D. H. Lewis of Flory avenue.  
A bad wreck was caused on the Shawnee branch of the B. and O. near Thornport yesterday afternoon. Engineer Alfred Beffley had both wrists broken and Brakenman Sidney White had one leg badly crushed.  
Mr. F. L. Steel of Xenia has been selected by the board of education as writing teacher for the public schools of this city.

## 15 YEARS AGO.

From the Advocate, July 6, 1907.  
By an explosion of gasoline Friday evening the peanut roaster belonging to Billy Mansberger, was almost totally destroyed. John Horn who was tending the stand was severely burned on his hand.  
Thursday night while several men were shooting cannon fire crackers on the East Side a plate glass window at Meyer Bros. store was broken.  
Mandel Brascher, John Richards, Lee Minor and Oliver Pratt spent the Fourth at Buckeye lake.  
In response to invitation a large and appreciative audience assembled at Taylor hall on Monday evening to enjoy the recital given by Mr. and Mrs. Appy and their pupils.  
Harry P. Scott was taken ill in the Peoples National Bank this morning and was removed to his home on Hudson avenue. His illness was caused by the heat.

## The World War a Year Ago Today—July 6.

Russia claimed capture of 230 cannon, 700 machine guns and 235,000 prisoners in southwest drive.

In Galicia Russians bayoneted Austrian prisoners who used liquid fire in attacking. Austrians driven back on the lower Stripa.

French were repulsed near Fort Vaux and in attempt to retake Domloup hill.

Neutral powers protested against seizures of Germans on board neutral ships.

David Lloyd George appointed secretary for war in Great Britain.

## Two Years Ago Today.

Italian navy blocked the strait of Otranto against Austrian commerce.

Mr. Griggs—"It takes two to make a quarrel." Mrs. Griggs—"I for some things, but ever time they boast th' food value o' somethin' it doubles in price."

After our subtlest analysis of the mental process, we must still say, that our highest thoughts and our best deeds are all given to us.—George Eliot.

Plies!  
The vicious fly of course I hate,  
And yet it seems to me,  
The pest that we should first abate  
Should be the wicked flea.

Sallie Was Indignant.  
Aunt Caline says—I was in at Thin Slicem's yesterday with Maggie Zeen which Maggie was a-figgerin' some on buyin', a soup bone. An' whilst

I was a-waitin' fer Maggie to make up her mind Sallie Vates come in with the air of an insulting queen an' not speakin' to nobody walks rite up to Thin an' says she, very scornful, "Have you any more o' that 'ere sausage?" she says.

"Yes, Sallie, I hev," says Thin. "I'm glad o' that," says Sallie, a-laying a collar button onto the counter with some force. "I hain't got no use fer this here unless I can get the rest o' the outfit," she says. "So I thought if you had plenty o' the sausage I might mobby stand the chaunt o' gettin' the collar next time, or mebbey the shirt," she says, a-flouncing out an' leaving the door perfect wide open.

Charity.  
When some men give to those in need,  
They like to start a riot;  
They cannot do a decent deed  
And do it on the quiet.—Luke Melake.

They are not satisfied, these gawks,  
When'er they give a dollar,  
To be content that money talks,  
They want to hear it holler.

Did You Know  
That the most efficient protection to wood against fire is silicate of soda? If planks of moderate thickness be brushed over three or four times with a strong solution of silicate of soda, they are rendered almost incombustible; they will burn

only when very intensely heated. The silicate fuses and forms a glass which envelopes the surface and even the internal fibers of the wood if it has been sufficiently saturated and thus seals it from the oxygen of the air.

The Printer's Kiss.  
He printed on her lips a kiss,  
And gave a fond caress,  
"Oh, how I love," she said, in bliss,  
"The freedom of the press."  
—Columbus Enquirer-Sun.

He printed on her lips a kiss,  
The maiden thus commenting:  
"I like your pressmen and your type;  
Print on—and keep a-going."  
—Walton Tribune.

And he kept a-printing, all the while  
His arms wound round her waist;  
His face, it seemed, was all a-smile  
Until he broke a chase.  
—Winder News.

With circling arm and sweet caress  
He wooed; a smile she wore;  
She said, "As a Perfecting Press  
You make a bull's-eye score."  
—Savannah Press.

And, as he held her in his knee,  
In bliss absorbed totally,  
He chorused: "Oh, come live with me,  
And be my little caller."  
—R. W. C. in Columbia Record.

After a quart o' kisses he  
Had given, she held aloof;  
"A diamond, minion," then said she,  
"Will be of love some proof."

Let the Dead Past Bury Its Dead.  
The Chicago markets will no longer deal in egg futures. That is as it should be—it is immoral to bet on the uncertain temperament of a hen.—Cleveland Plain Dealer.

Among eggs we have known are those that seem to have had nothing but a past.

The Ultimate Force.  
We often hear that a thing has been accomplished in spite of difficulties when a more accurate statement of the case would be, on account of them.

Bill Brock Pardons.  
Dear F. G. I., for that rough speech I humbly apologize.  
I fear that now you'll think me the touchiest of us gals.

The day I wrote those cruel lines I was in an awful mood. But cross my heart I didn't intend to be so rude.

So if you'll just be lovely And say that I'm forgiven, My tears will all be turned to grins And I'll feel again like livin'.  
—Cap'n. Willie.

ICE CREAM CONE MAKES BIG HIT WITH FRENCH

(Associated Press Telegram)

Great Lakes, Ill., July 6.—The American ice cream cone will be carried back to France by three French army lieutenants who made the acquaintance of the delicacy here and were so delighted with its crisp succulence that they declared their fellow-soldiers abroad must be given a similar treat.

The three officers, Lieutenants Fernand Gaudier, Paul Prevot and Maurice Laffay, were inspecting the United States naval training station here yesterday when they saw a number of blue-jackets purchasing cones at the canteen operated by the navy relief society. Questions led to purchase of the cones for the visitors by Mrs. W. A. Roffett, wife of Captain Moffett, commanding the station, and in the midst of an admiring audience, the Frenchmen successfully negotiated the cream-filled cones, even to the last tip.

"Magnifique, délicieux," was their verdict, after which they announced that they would undertake to obtain a supply of cones to take back to France with them.

THE ONLY SHOE SALE IN NEWARK

SEE OUR WINDOWS—THEY TELL THE TRUTH

# JULY CLEARING SALE

## AT THE Busy Bargain Shoe Store

Every pair of our Summer Footwear must be sold.

THE STORE THAT LEADS THE TOWN IN REAL BARGAINS

### Amusements

#### AUDITORIUM.

**Frederik, The Great.**  
Manager Penberg of the Auditorium has certainly brought an act that is some act to the audience. In Frederik, the Great, who opened at that playhouse yesterday to good crowds, the act follows the pictures and in reviewing his act the writer has the following to say:

"From the time he makes his first appearance on the stage and a white dove flies over the audience, from seemingly nowhere, until his final great hypnotic act, the magician never reaches the level of a great entertainer. He thrills his audience and each succeeding illusion seemed more wonderful than the last. He produces great masses of roses from the air, shoots a canary from a paper bag into its cage, captures two fluttering doves from the front of the stage with a dip net, draws out flags of all nations from a thin piece of white paper on which is a map and when he reaches Turkey, presents a great white turkey, and from America a dainty slip of a girl, and all the time the paper can be seen from all sides and is only the thickness of a newspaper. He finds live rabbits in all sorts of impossible places and the tricks he does with cards is marvelous. He also has a magic hand that answers all sorts of questions by rapping on a table and a great trunk act that is astounding.

"Perhaps his greatest act is the final one. He hypnotizes Princess Azrah and places her on a couch, covering her with a white cloth. Then, by several mysterious passes bids her rise without any support to mid-air and all the time her features and form are clearly outlined in the covering. After telling her the lady could rest comfortably there for hours, he pulls off the cloth and there is nothing there is, Frederik the Great is the originator and inventor of nearly every act he presents and his pleasant personality could not help but make him friends. There is some comedy introduced in the program and a vaudeville number. Miss Inez Nourse, a sweet and clever girl, who can play the piano like a whirlwind. Altogether, it makes a thoroughly enjoyable evening's entertainment."

Frederik will be seen today and tomorrow.

**"Patria" Today.**  
The second episode of "Patria" with Mrs. Vernon Castle, is seen at the Auditorium today only in conjunction with Stuart Holmes in "The Broadway Sport," in which Stuart Holmes, the William Fox star plays the title role. The pictures tonight commence at 6:20 and will run until 8:15, after which Frederik, the Great, will be seen.

Tomorrow, Pathe News, with events culled from the entire continent will be seen. You see the world seated in an orchestra chair at the Auditorium.

**"The Witching Hour."**  
After concluding with one of the largest producers of special attractions, the Frohman amusement corporation was finally able to secure the motion picture rights to the internationally famous drama, "The Witching Hour," at

a price which is reported to have been the highest sum paid for the cinema rights to any legitimate attraction.

Mr. Thomas, the author of the play, was quite unwilling to entrust the screening of so difficult a production to any concern, without his being morally certain that full justice would be done to the wonderful and unusual

Auditorium Sunday.

theme embraced in the play. Mr. Thomas finally decided that the Frohman amusement corporation should visualize "The Witching Hour," largely because of the wonderful work heretofore done by that company in its prior productions.

"The Witching Hour" will be shown at the Auditorium theater for one day, Sunday next.

C. Aubrey Smith, whose wonderful work in the photoplay version of "Jaffery" stamps him as one of the greatest character actors in the theatrical field, assumes the leading role. He is supported by Jack Sherrif, the popular juvenile lead, Robert Connors, Marie Shotwell, and Freeman Barnes.

**Pictures Start at 6:20.**  
The pictures during Frederik, the Great's engagement starts tonight at 6:20 and run until 8:15 p. m. Tomorrow 1 p. m. until 8:15 with no stop during supper hour. Prices for pictures, the usual 5 and 10c.

**LYRIC.**  
It was conceded by the patrons of the Lyric that Jack J. Rose and his Rose-Rad Girls were the only show that played here this season who did have real musical comedy talent from the way the well filled house applauded and laughed one would think they were witnessing a large \$2 production. This company changed their bill every day and one play better than the other and each show a complete change in wardrobe. The comedy in the hands of Jack J. Rose, who is a new comer to showdom was up to the minute, assisted by Jack La Mont, and Ed. J. DeVelle, these three men held the audience in an unbroken from rise of the curtain to the fall. The songs all late and up to date were sung by Miss Haw-

DO YOU KNOW WHY --- Barbers Have So Many Remedies?

By Fisher

# LIFE INSURANCE

## One of The Great Things of The World

Life insurance is the sole support of thousands.

Life insurance limits the needs of Charity, of poor house and pauper burials.

Life insurance supports old men who gave it a portion of the savings of their youth.

Life insurance enables middle aged men to go into business for themselves.

Life insurance cares for widows, educates sons and daughters, and pays mortgages on homes.

Life insurance replaces misery, trouble, and want, with cheerfulness and a clear conscience.

Life insurance is the associating together of large numbers of individuals, each contributing a small sum annually, based on age and interest rates; in order that each person, or his beneficiaries may receive a stipulated sum at a future date, not necessarily at death.

In view of the immense possibilities for good of life insurance, The Park National Bank has established the following special facilities for its furtherance,

**Namely:**

## Premium Savings Accounts

These accounts are specially designed to enable a man to systematically save money for the payment of life insurance premium.

You can purchase life insurance and thus protect yourself and family **AT ONCE** by starting a Premium Savings Account at our bank.

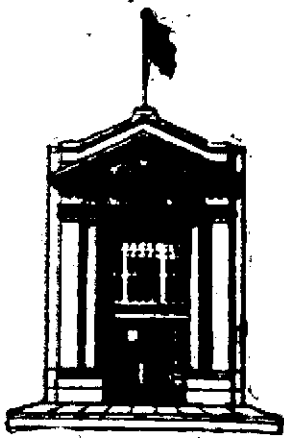

This plan is carried out by means of stipulated monthly or weekly deposits. It is extremely simple and systematic.

### Ask Your Life Insurance Man For Particulars

Very Truly Yours,

## PARK NATIONAL BANK, Newark, Ohio.

North Park Place.

## CANADA'S CARE OF WAR ORPHANS

Those Dependent on Soldiers  
Supplied With Funds.

### LIVES OF THE MEN INSURED

Twenty Dollars a Month Is Given to  
Wives of Men in Active Service—Ad-  
ditional Provision Is Made For Chil-  
dren—Wounded Men Are Taught  
Trades and Made Self Supporting.

How Canada provides for the wives and children of her enlisted men is described in a report by S. Herbert Wolfe of New York, prepared at the request of the secretary of labor and just published by the children's bureau of the United States department of labor.

In presenting the report Miss Lathrop, chief of the children's bureau, says:

"In the fifty years since the civil war legislation affecting the family and its economic status has shown marked growth. Mothers' pension laws and minimum wage laws are recognized examples, and it is acknowledged that their result has not been to pauperize, but distinctly to improve the power of the family to protect itself. In view of this tendency it is to be expected that a system of compensation for soldiers and sailors can be developed whereby the government will make possible for their children the home life and parental care which are the common need of every child."

The report points out that in Canada two notable elements have been added to the government provision for soldiers and their families. First, insurance on the lives of soldiers is carried by various municipalities, and, second, the Dominion has undertaken as a part of its military system the re-education, in a suitable occupation, of the disabled soldier, so that he can assume again, in whole or in part, the care of his family.

**Assistance to All Dependents.**  
The Canadian compensation for the soldier, and his family includes not only \$33 of monthly pay for the private in active service, but a separation allowance to his dependents of \$20 a month from the Dominion government, and further assistance in special cases from the Canadian patriotic fund.

For example, the wife of a private soldier with three children between the ages of ten and fifteen may receive at her \$15 or \$20 from the assigned pay of her husband, \$20 separation allowance and \$25 from the Canadian patriotic fund, or in all \$60 or \$65 a month.

If her husband is killed she will receive \$40 a month for herself and an additional \$6 a month for each of her children until her boys are sixteen years of age and her girls are seventeen years of age. In addition, if she lives in Toronto or one of a number of other cities she will receive life insurance. This will be paid to her in monthly installments unless she shows that she needs the entire amount at once to pay off a mortgage or to make a start in business.

If her husband is disabled she will receive a special maintenance allowance while he is having medical treatment and learning a new occupation, and when he is finally discharged, a pension will be paid according to the extent of his disability and the number of his children under sixteen or seventeen years of age.

**Protected by Insurance.**  
Mr. Wolfe is an actuary of recognized authority, and he has analyzed especially the municipal provision for life insurance by which certain Canadian cities have supplemented the pensions provided by the Dominion for dependents of deceased soldiers. In Toronto the municipality has not only purchased \$10,000,000 worth of insurance from private companies, but it is itself carrying more than \$32,000,000 worth of insurance. A municipal insurance bureau has been organized, and \$2,000,000 worth of bonds have been issued, of which the principal and interest are a charge upon the general taxpayers of the city. Every officer and enlisted man residing within the city limits of Toronto who volunteers for overseas service has from the date of his enlistment been protected by a life insurance policy of \$1,000, the protection running from the time of his enlistment to his death or six months after his discharge or resignation.

The report refers also to the fact that each of the European countries makes government provision for the families of private soldiers and sailors. In Great Britain, France and Germany the amount of the governmental separation allowance depends upon the size of the family which must be supported.

### WAR DECLARED ON PIE.

Kansans Will Enjoy American Dessert  
Only on Odd Sundays.

"No more pie for loyal Kansans," declares the committee on economy of the Council of Defense.

To serve pie oftener than for one occasional Sunday dinner will be regarded by the committee as giving aid and comfort to the enemy. Pie takes more than its share from the family expense account and the disposition of its devotees. It should not be eaten three times a day.

That rubber ring you put on a preserving jar helps you to stretch your income.

## TEUTONS TEAR UP ANOTHER SCRAP OF PAPER; COMPEL ANTON LANG TO FIGHT

Anton Lang as Christ in the Oberammergau Passion play.

Another "mere scrap of paper" has been torn up by the Teutons and Anton Lang, known to thousands of Americans as the Christ of the Oberammergau Passion play, has been called to fight in the Bavarian army. He and his players had been promised immunity.

## "DRASTIC FOOD LAW NEEDED" SAYS WILEY

"Should the Government control the family table?" said Dr. Wiley repeating the interviewer's question.

"Decidedly they should, but I fear they will not. A great dental operation is now going on in Congress; viz., pulling the teeth of the food bill. Apparently, by the time the bill becomes a law, there will be nothing left but lacerated gums."

"Take the case of wheat and grain for example. The apparent harvest of wheat does not show much over 750,000,000 bushels. The apparent harvest of Indian corn indicates 3,000,000,000 bushels. It would be a great blessing to this country if 300,000,000 bushels of corn should be consumed as human food during the next year. This would release an equal number of bushels of wheat for our armies and Allies across the seas."

"But it is not sufficient to advise this substitution, we must enforce it. We need conscription. Each family should be allowed four parts of wheat and three parts of corn for their cereal consumption. The corn meal should also be the real article. When the germ and the bran are taken out of corn meal, it is robbed of some of its most valuable constituents, and especially of its vitamins. Conscription should go to the mill and abolish the degerminator and the bolting cloth. The case with maize differs from the case with wheat. The whole ground Indian corn is far more palatable and appealing than the refined article, even to the ordinary taste. This is not the case with wheat. Usually, people who have been accustomed to using white flour do not like whole wheat bread. There is no excuse whatever for bolting maize meal."

"It is estimated that this one suggestion would save this country between 150,000,000 and 200,000,000 bushels of wheat a year," continued Dr. Wiley. "There are literally scores of equally important avenues of saving open to us in such a measure. We need conscription of foods every bit as much as we need conscription of men."

"Or, again, take the question of meat. Here is another case for conscription. Instead of having two meatless days, three or four would not be too much. If, however, we have the cereal ticket, we'd have the meat ticket also. I think it is far better not to prescribe days on which this or that should be eaten, but to prescribe how much should be eaten per individual per week. Personally, I would rather have a small piece once on one day, than too much all in one day. I think most people would feel that way about it."

"With meat also must be considered edible fats. I have already made a plea to save the edible oils in maize. Other edible fats are also accessible; viz., cottonseed oil, excellent for salads and for cooking. Butter is altogether too valuable as a diet for children to be squandered in cooking. The food bill, when it becomes a law, should be so drawn as to permit the absolute elimination of butter in all kinds of cooking. Butter is an essential food for growing children and therefore should be conserved to the utmost and given in generous portions to those families that have children."

"Why should we urge the conservation of food voluntarily, any more than we should fill up our Army voluntarily? We need conscription in the family table, and the pending food law should give power to the food controller to regulate the family diet."

Dr. Wiley's work as chief of the Bureau of Pure Food, Sanitation and Health conducted at Washington by Good Housekeeping has made him one of the foremost authorities in

this country on food supply and food conservation. It is said on high authority that Mr. Hoover will give early consideration to this suggestion and the other suggestions which Dr. Wiley is making through the pages of Good Housekeeping Magazine.

## Alexandria

The Loyal Daughters were entertained at the home of Mrs. Maude Thomas, Tuesday afternoon.

Mr. and Mrs. D. Hannahs and two daughters and Raymond, Board, spent Sunday in Millersport, guests of Mr. and Mrs. Jesse Smith.

Mr. and Mrs. Willis Bishop and Mr. and Mrs. Roe Proctor, were guests of relatives in Thornville, Sunday.

Dr. and Mrs. Wyckoff of Portsmouth, were guests at the home of Dr. and Mrs. L. C. Laycock and Mr. and Mrs. J. M. Brooks, last week.

Mrs. Silas Orr entertained Sunday, Mr. and Mrs. Wilgus, two daughters and son, Cecil Wilgus, wife and baby, of West Mansfield, Mr. and Mrs. Russell Peck and son Raymond and Mr. and Mrs. Ben Harrison, wife and two daughters, Mrs. Slinger of Marietta, were guests at the F. M. Jones home last Thursday.

Joe Bishop visited at the home of his brother Ralph Bishop, South Charleston, a few days last week.

Mr. and Mrs. Will Windom and family of Westerville were guests of Mr. and Mrs. J. W. Brooks, Sunday.

The Misses Katherine and Vivian Wilgus of West Mansfield, were guests of Mrs. Rata Orr and daughter, from Sunday until Wednesday.

Prof. E. C. Darnell and Walter Castle were in Columbus last week.

Mr. and Mrs. Claude Groves of Reynoldsburg, were guests of Mr. and Mrs. Charles Haver, Sunday.

Miss Josephine Ridgeway of Columbus, is visiting Miss Thelma Hupp.

Mr. and Mrs. Lewis Scott and daughters and Mr. and Mrs. George Brooks and daughter, visited Orlentany park, Sunday afternoon.

John Warner and wife and Frank Mercer and wife of Newark and Mrs. Bricker of Utica visited at the Foster Jones home, Sunday.

Children's day was observed at the M. E. church. At the Sunday school hour a patriotic program, composed of songs and recitations was rendered. Collections for Red Cross \$20.00.

The evening ladies of Mrs. Anna Culbertson Sunday school class gave an aluminum shower to Mrs. Ralph Bishop at the Culbertson home on Wednesday evening of last week.

Miss Ruth Longfellow of Albuquerque, New Mexico, and Miss Margaret Williams of Columbus, visited their grandparents, Mr. and Mrs. Edward Jones from Thursday until Monday.

Señor Tower of Buenos Aires, spent over Sunday at the home of his mother, Mrs. (nee) Tower.

Mr. and Mrs. Lee Smith, were guests of their uncle, C. G. Meers and family Sunday at dinner.

Jim Lucas and daughter, of Union Station were guests of Ernest Legg and family, Tuesday.

Mrs. W. C. Briggs of Newark, visited at the home of H. C. Bowman and wife a few days last week.

The funeral of Mrs. Lewis Blamer, who died Friday at her home near of town, was held in the M. E. church, Sunday, afternoon, at 2 o'clock. Rev. Chas. Borger officiating. Interment in Maple Grove cemetery.

Miss Carrie Allen of Newark, is visiting relatives in town.

Mrs. Arch Hesser and daughter, Urcle, of Johnston, visited her sister, Mrs. Earl Penn, last Thursday.

Art Myers and family visited relatives in Ashtabula, over Sunday.

Will Coulter, wife and daughter, returned home Wednesday, after spending several days at the home of their son, Fred Coulter near Johnston.

Flood, chairman and bride of Homer, visited the first of the week at the home of the bride's sister, Mrs. Art Myers and sister.

Thurston Alberry and family, A. D. Buraside and wife, Thos. Stager, wife and Miss Allen of Newark, spent Sunday in Painesburg guests of Dr. Buraside.

Mr. and Mrs. Charles Howland and family of Portsmouth, is visiting Mrs. Howland's parents, Dr. and Mrs. L. C. Laycock.

See Window.

## Need a New Suit? Then Read This

The Hub has purchased all the desirable suits in the Milton Ochs, Gold Bond, surplus suit stock at a great sacrifice in price. There's not a suit in the selection worth less than \$12.50, the majority are \$15.00, \$16.50, \$18.50, \$20.00, \$22.50 and \$25.00 suits. Every one is marked at a price that will net you a saving.

# How the War Can Be Won From the Skies

Tremendous plans are now being formed to deliver a crippling blow at Germany's military efficiency, not only "putting out her eyes," but spreading havoc by aerial armadas numbered by thousands. Vast sums are to be spent for the establishment of an American air-fleet on a colossal scale, and training-schools for air-pilots are beginning to spring up like mushrooms over night.

During the past three years, there has been in Europe not only an immense development of the art of flying, but a specific evolution of the allied art of the aerial duello.

In THE LITERARY DIGEST for July 7th, one of the most interesting articles is a translation from the French of Oscar Ribet, Chief Instructor in a French "School of Pilotage." This article explains in much detail, the tactics of air-fighting. It is illustrated by sketches which visualize the tactics of pursuit, offense, and defense.

There are many other features of unusual interest in "The Digest" this week, among which are:

## A Coal Crisis Would Cripple Industry

Old King Cole May Have Been a Jolly Old Soul, But the Modern King Coal Has Quite a Different Look. This Article Shows What Has Been Done to Control the Coal Stringency

Effects of War-Time Prohibition  
Labor Union Comments On the Mooney Case  
How Germany Views Our Army  
Selling Out China  
How Collars Wear Out  
The Stolen Art Treasures of St. Quentin  
Results of the Red Cross Drive  
"Christus" on the Battle Line  
"How Did You Like the Sermon?"

Many Striking Illustrations and Cartoons

## "Which Is the School for My Boy and Girl?"

This a question that will be asked in many thousands of homes throughout the country during the next few weeks, and there is scarcely any other decision that will exercise more influence upon the future life of your boys and girls.

In this week's DIGEST there is a wealth of information comprised in the many business announcements of American schools. Girls' schools, and colleges for women; boys' military schools; co-educational, and music and art schools; schools of oratory and dramatic art; business and technical schools;

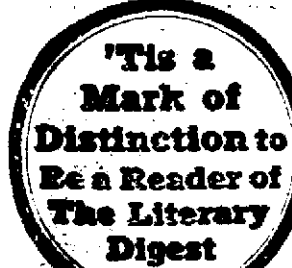

vocational and professional schools; schools for backward children. All are represented in this number.

The DIGEST has attained a unique place as an educational medium. Not only do parents recognize its value in this sense, but superintendents, teachers, and students throughout the country know its value also, for it is in daily use as a text-book in current history in thousands of schools.

Inquiries are invited from teachers and principals as to how THE DIGEST will ease the burden of their school-work.

July 7th Number on Sale To-day—All News-dealers—10 Cents

NEWS-DEALERS may now obtain copies of "The Literary Digest" from our local agent in their town, or where there is no agent, direct from the Publishers.

# WOMAN SICK TWO YEARS

## Could Do No Work. Now Strong as a Man.

Chicago, Ill. — "For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 160 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound." Mrs. J. O. BRYAN, 1765 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pain, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

# ROOTS AND BARK ANCIENT REMEDY

## Our Grandfathers Used Them In Crude Form.

Our grandfathers and great-grandfathers knew the medicinal values of roots, barks, flowers and berries. Their medicinal qualities are the same now as they were a hundred years ago, but the scientific process of treating them has been improved.

In former times herbs were brewed into tea. Today modern laboratories make a vastly superior product. Tanlac is a preparation of roots, barks and berries subjected to a process that extracts their medicinal virtues in concentrated form. It is especially designed to build up run down people. It has helped thousands of people who were suffering from disordered stomachs, liver and kidneys.

Sylvester Dase, R. F. D. No. 2, Newark, is only one of the thousands who have come out publicly and endorsed Tanlac. Here is what he has to say about this wonderful tonic:

"I feel like a new man since I have been taking Tanlac. Before I took it, however, I had trouble with my stomach. After eating I got drowsy and didn't have any ambition. Gas formed in my stomach and made me feel half sick. I often had headaches and got so dizzy at times that I thought I would fall.

"I didn't sleep well and felt tired all day. I didn't feel like doing anything. But now, thanks to Tanlac, that condition is changed. I can eat what I want without bad after effects, and I sleep soundly, too. I get up rested and refreshed and don't have dizzy spells during the day. I am glad to tell what Tanlac has done for me."

Get Tanlac today!

Tanlac may be obtained in Newark at Brannan's Arcade drug store; in Hebron at Hebron Drug Co.; in Alexandria at C. M. Gilmore's; in Pataskala at J. R. Strine's; in Granville at W. P. Ullman's.

# Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

# FRECKLE-FACE

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of ethine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength ethine as this is the prescription sold under guarantee of money back if it fails to remove freckles.

Advertisement.

Even when the doctor forbids a girl to drink soda water she sometimes takes it syrup-titiously.

# MOUNTAINS OF WHEAT FOR OUR ALLIES—IF U-BOATS ARE GOOD

This photograph gives some idea of the mountains of food which are being piled up at eastern ports for shipment to our allies. A certain proportion of the wheat shown in the picture will never reach its destination—thanks to the German U-boats.

# HIGH COST OF WAR HITS UNCLE SAM; EXPENSES HEAVY

(Associated Press Telegram)

Washington, July 6.—An idea of the enormous cost to maintain America's fighting forces is given in a statement issued by the committee on public information showing the relative amounts spent during 1915, in which the country was at peace, and to be expended this year.

Subsistence, which in 1915 was supplied at the modest cost of \$9,800,000, this year has been provided for in the appropriation estimates at \$133,000,000.

Clothing and camp garrisons' equipment which two years ago were had for \$6,500,000 will cost this year \$231,000,000.

Ordnance stores and supplies which in 1915 were furnished for only \$700,000, this year will cost more than \$106,000,000.

Manufacture of arms which in 1915 cost \$450,000, this year will cost more than \$55,000,000.

Ammunition for all arms which in 1915 was had at \$875,000 this year will cost \$148,000,000.

Transportation which in 1915 was furnished at \$13,000,000, this year will cost \$222,000,000.

Regular supplies, which in 1915 cost \$10,000,000, this year will cost \$110,000,000.

For aeronaucs \$45,000 was appropriated in 1915, while \$47,000,000 already has been appropriated for this year. This does not include of course, the administration big aircraft program which calls for an initial appropriation of \$638,000,000.

Among the items already purchased are: 5,000,000 blankets, 37,000,000 yards of bobbinette, 2,000,000 coats, 45,500,000 yards of cotton cloth, 21,300,000 yards of unbleached drilling, 6,000,000 pairs of shoes, and 11,191,000 pairs of light woolen socks.

# BURNING QUESTION

It is the time to lay in your supply of coal for the coming winter. It is not good business to put off too long for you can never tell what the future may bring. So for your own protection you should see the Dixie Coal company and have a talk about your next winter's supply. They have had years of experience in the coal business and can supply you with the right kind of coal for your needs, be it for heating in stove or furnace or for cooking purposes. Call 7099 auto phone today. 6-d-11

# RED CROSS FUND IS GROWING; REACHES \$120,000,000 FRI.

Washington, July 6.—Reports from belated campaigns for Red Cross funds in a number of cities have sent the total of the war fund across the \$120,000,000 mark. Cash to redeem pledges made during Red Cross week is now pouring into national headquarters at the rate of nearly \$500,000 a day.

The Red Cross announces that the 200 chapters were organized during the special war fund campaign and that 1534 chapters are now on the rolls, compared with 272 on Feb. 1, 1915. New York has 110 and Pennsylvania 96. Indiana is reported as having the most thorough organization of any state.

Red Cross headquarters explained that the official reports of pledges received during the special campaign had not been received from some localities and that consequently discrepancies exist between headquarters and local tabulations for states. Senator Smoot declared in a statement today that Utah had raised \$520,124, making a per capita contribution of \$1.14. The states apportionment was only \$300,000.

# SOMERSET GLAD NEWARK MERCHANTS PAID IT A VISIT

The Somerset Press in its issue this week gives almost a column and a half of first page space to the visit of about 100 Newark men last Thursday.

After relating the story of the trip, the Press reproduced a large part of the Advocate's editorial on the visit to Perry county and added:

"Newark certainly has a bunch of mighty fine business men. Not only are they good fellows from a business standpoint but are also genial and sociable. It is true they are working for the good of Newark, but their work is being done in an upright, honorable manner to which none can take exception. Our people were glad to welcome them to Somerset and will look forward with pleasure to another visit in the near future."

# FOURTH WAS EXCITING DAY IN MOUNT VERNON

Mt. Vernon, July 6.—Fourth of July accidents were numerous in this city. An exploding cannon broke ten windows in south Main street buildings. Robert Greer, son of Attorney R. M. Greer, was badly burned when he investigated a firecracker which had failed to explode. Fireworks caused a blaze in the Dows building, South Main street. Harry Metcalf, 12, picked up an unexploded fire cracker and his eyes exploded fire cracker and his eyes were filled with burned powder. Bernice Simmons carried fireworks in his hip pocket and a "nigger" set off by a small boy ignited the fireworks and Simmons is taking his meals while standing. A cannon made of gaspipe recoiled when fired and flew 200 feet down the street, landing at the feet of Mayor Mitchell, who confiscated it. Wendell Stillwell chased a "nigger chaser" and sprained his ankle.

# GRANGES GET SPECIAL INVITATION TO PICNIC

The three thousand grangers of Licking county, which is the largest grange county in Ohio, through their organizations have received invitations to attend the Farmers and Merchants picnic. The letter to the 26 granges of the county gives details of the day's program of interest to grangers, the prizes offered to grange organizations, etc.

# LONG RUN

Mr. Carroll gave a talk here Sunday on prohibition and Chas. Faircler preached in the evening.

Mrs. Mary Danielson of Newark, spent over Sunday with relatives here.

Mr. and Mrs. Chas. Nesbit moved last week to the farm they recently purchased of Wm. Kidd.

Mr. and Mrs. Fred Bellmire, Mrs. Minnie Miller and Miss Mamie Bellmire spent Sunday with Mr. and Mrs. John Bellmire.

Mr. and Mrs. Earl Cliver and children attended the funeral of Mrs. Bebout, Saturday.

Mr. Emmett and Lara Bebout spent part of last week with Mr. and Mrs. W. Miller.

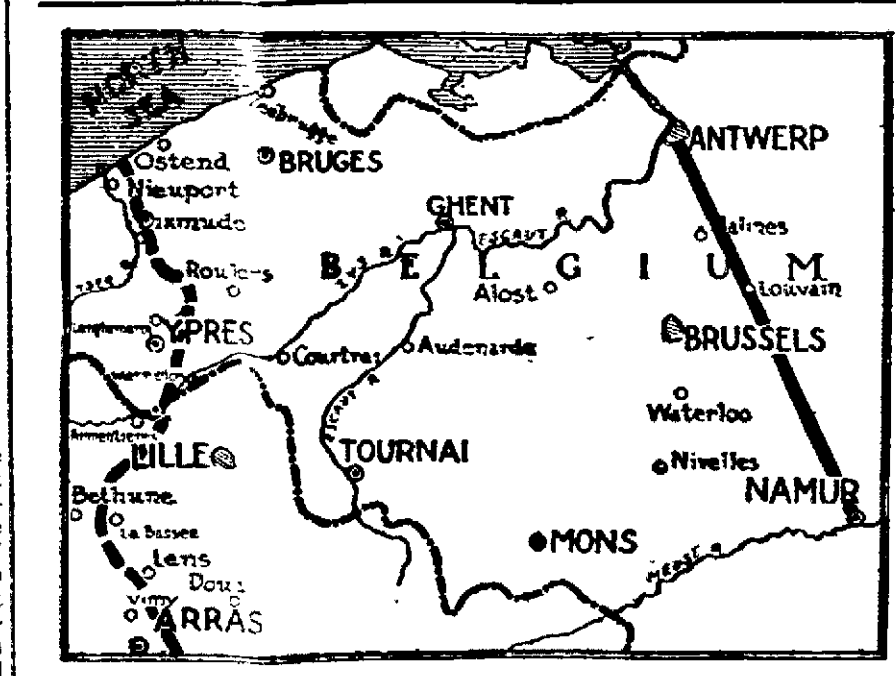

Newton Harper is visiting this week with John McKinney, M. R. Lock, Ede McKinney and other relatives and friends.

Geo. Lock has been assisting Mr. Paterson of Vanantaburg, on bridge work in Jersey City, the past week.

# RIPENING GRAIN.

These hot days will make the wheat ripen and the corn grow just right. They are just what the farmer wants to make big crops. The country will need every grain of wheat and corn it is possible to raise this year. The price even if it should be regulated by the government will be higher than it has been in some of the years past. You will want to keep in touch with the market more than ever before. Morgan & Roberts, 22 Canal street, through their years of experience and close touch with outside market conditions are in a position to keep you well informed. Here is where you will get a service that will pay you well for your wool, hay and grain. Come in and talk it over. 6-d-11

# IS DECISIVE BATTLE OF WORLD WAR TO BE FOUGHT NEAR FIELD OF WATERLOO?

Black line shows supposed new German line to which Hindenburg is retiring. Broken line is present battle front. Dot-and-dash line shows frontier of France and Belgium.

That the decisive battle of the world war is to be fought near the historic field of Waterloo in Belgium, is the opinion of some military critics. They point out that Hindenburg is very slowly retiring to the last German line outside of Germany—extending from the Antwerp entrenched camp to that of Namur. On this line during the last eighteen months has been lavished every atom of Teutonic military engineering ingenuity.

### Birth Announcement.

Mr. and Mrs. H. V. Taylor, St.

Louisville, announce the birth of a

daughter, Dorothy Elizabeth, July 5.

King's Herald.

The King's Herald of the First

M. E. church will meet Saturday at

the home of Miss Lillian Coddling-

ham, North Twenty-first street. Meet

at interurban station at 1:30 and

take Granville car.

With Army Engineers.

Gray Swingle, 30 West North

street, who enlisted in May in the

engineering corps of the United

States army, is now with Company

B. Sixth Regiment Engineers, Ameri-

can University, Washington, D. C.

Bound Over to Court.

William Maloney and Walter

Woodie, alias "Dutch" Woods, who

figured in the attempted safe-blow-

ing Wednesday night at the Univer-

sity supply company, were both

bound over to the grand jury in the

sum of \$500 in police court today.

Two drunks were fined \$5 and costs.

In the cases of three boys from Nash-

ville, Tenn., arrested for riding

freight trains, all three were fined

\$5 and costs.

Names and Addresses Wanted.

The Advocate desires a complete

list of Licking county men who are

now in the service of the United

Park.

7-6-d-2t

### States army and navy. Home and

present address of each man is

wanted. This newspaper is making

a record of these names and ad-

dressess in order that the soldiers

medals soon to arrive may be prop-

erly engraved and distributed. The

factory submitted a "proof" of the

medal last week and promises early

delivery. Nearly 1400 people have

contributed to the fund which The

Advocate will use in buying the sol-

diers' medals.

6-4-1t

### Siseca Resigns as Treasurer.

Separate Trousers in Linen and Palm Beach \$1.98 and \$2.98

**THE HUB**

**DANIEL E. JONES PIONEER BUILDER CALLED BY DEATH**

After living for more than 70 years in the one locality, Daniel E. Jones, contractor, died at his home, No. 111 West Church street, at 11 o'clock last night, the immediate cause of his death being gallstones, although for the past several years Mr. Jones has been unable to engage in active business on account of nearly total blindness.  
Daniel E. Jones was born in Cardingshire, Wales, September 2, 1839, and removed with his parents to Newark in April, 1842, the father being engaged in the tailoring business until his death in 1881.  
At the age of 16 years Daniel began to learn the trade of a carpenter with the late John Leggs, who had a shop at that time on Church street, and finished his apprenticeship with the late John Braddock, whose shop was located on the west side of Fifth street, just south of Church street. After working for some time as a journeyman for Mr. Braddock young Jones went to work for the late Levi Ferguson with whom he continued until he went into business for himself.  
For a period of about 35 years Mr. Jones was actively engaged in the contracting business, his first job being the construction of a residence for James F. Lingafelter on the south side of East Main street, just east of the bridge over the North Fork.  
Among the structures built under his supervision were the court house in 1874, the old market house, where the city building now stands, besides scores of substantial dwellings, among the best in Newark.  
Mr. Jones was a member of the old volunteer fire department, foreman of Hope Hose company No. 2, and assistant fire chief under the late Dan L. Jones, for 25 years.  
The deceased was a member of Lemert Post, G. A. R., having served in the Civil War in a company of 100 day men, commanded by the late Captain Luther Johnson. He also had been a member of Olive Branch Lodge of Odd Fellows, No. 34, for 50 years, but was not at the time of his death.  
Mr. Jones was from his youth a member of the Welsh Primitive church, until the time of its dissolution, after which he deposited his letter in the Plymouth Congregational church.  
Mr. Jones was married April 26, 1868, to Martha Hughes, who died June 2, 1891. To this union were born three children, only one of whom survive, Charles R. Jones. David Franklin died in infancy, and Hannah, the wife of Peter W. Beutlich, October 3, 1912.  
Mr. Jones' second wife was Mrs. Amanda Green, whom he married in 1893, and who died January 23, 1899. On the Thanksgiving following he was joined in marriage to Miss Anna Gillum, who survives.  
A brother and sister, David E. Jones, and Mrs. Margaret Raison of Stanberry street, and two grandchildren, Martha Isabelle Jones, and Harry Beutlich also survive.  
Rev. Grover L. Diehle, pastor of Plymouth Congregational church, will conduct the funeral services at the home, Saturday afternoon at 2 o'clock. Interment at Cedar Hill cemetery.  
It is the request of the family that friends do not send flowers.

**STOLEN FORD WAS CAREFULLY HOUSED BUT IT WAS FOUND**

Officers with a search warrant, who visited the home of Bessie Clark of Thornville, a Ford machine was found in an adjoining field with a shanty built over it so as to make it impossible to remove the machine without tearing down the structure. William Morgan notified the Newark police, and Chief Sheridan and Sergeant Hager hurried out to Thornville.  
After a short inspection the car was found to belong to J. M. Rouse of Johnstown. It was stolen from Buckeye Lake park, June 20. Gary Walker and Herbert Chittister were arrested as suspects and shortly afterwards confessed to the theft of the car, the police say. Their trial is set for 8 o'clock Saturday morning.

**CHINESE EVADE FEDERAL LAWS AND WILL BE ARRESTED**

San Francisco, Cal. July 6.—Wholesale arrests throughout the United States of Chinese that are said to have entered this country illegally in connivance with an alleged international smuggling ring which officials declare has been operating for years at the Angel Island immigration station here, were predicted today by federal investigators.  
Lists of names and descriptions of Chinese who, it is charged, entered the United States in this manner are being compiled together with other evidence and exhibits for presentation to a federal grand jury.  
**GEORGE MOORE DRAWS SUSPENDED SENTENCE**  
In the case of the State of Ohio vs. George Moore, indicted for carrying concealed weapons and for petit larceny, the defendant appeared in court on Friday morning and changed his former pleas of not guilty to guilty. The court sentenced the defendant to pay a fine of \$500 and 30 days in jail. Sentence was suspended during such time as he obeys the laws of the state and refrains from the use of intoxicating liquors.

**PROSPERITY BULLETIN NO. 14.**  
"Recent events give us no reason to believe that our business will be decreased, rather we think the opposite is more likely, and our advertising in future will be just as extensive as in the past, if not more so."  
William Albers, Albers Bros. Milling Co., Portland, Oregon.

**CHAUTAUQUA ON TABERNACLE LOT AUGUST 1 TO 7**

Chautauqua patrons this year will find the big khaki tent pitched on the tabernacle lot. The Newark dates are August 1 to 7.  
The first advance man for the annual program, Dean L. Rickett, has arrived and is busy distributing various forms of advertising in and near the city. A few of the souvenir programs have been placed at the disposal of the committee and a large quantity will be available with the arrival of the second advance man about ten days before the Chautauqua begins.  
The program this year is to continue for seven days and will introduce a number of headline features such as the light opera "Dorothy" by a company of 25 people; Ralph Dunbar's White Hussar Singing Band; Ralph Bingham, the great fun maker and Victor Artist; and the Kilmarnock Girls; Dr. Ng Poon Chew, "The Chinese Mark Twain"; and Opie Read, novelist and entertainer.  
Two special features of Chautauqua week will be Patriotic Day and Health Day. Within the next two or three weeks there will be some special announcements, forthcoming about plans for a proper observance of the first mentioned occasion. Health Day will introduce Dr. Chas. E. Baker, who was physical advisor to President Taft during his term at Washington.  
The Children's Department of the Chautauqua will be carried on more effectively than at any time in the past. A club is to be organized by the boys and girls who hold season tickets and when the Story Girl arrives here, she will immediately begin preparations for an elaborate pageant, "Circus Time in Fairland," which is to be given at the close of the week.  
Competent critics are of the opinion that the program announced for this city this year is by all odds the best that has ever been presented on the circuit.

**NEW DIMENT STORE MOST MODERN IN THIS PART OF OHIO**

The new Diment cigar and tobacco, candy and news store in North Park Place will throw open its doors to the public tomorrow morning. Work on remodeling the room has been in progress since the first of April and it is now one of the prettiest places in Central Ohio.  
The proprietor, Wallace Diment, had the fixtures designed especially for the place and according to his own ideas. The floor is of tile with marble bases throughout, and the front of the room is occupied by a beautiful candy booth of mahogany and French plate glass. It will be in charge of young girl clerks.  
The latest design in sanitary confectionery cases are used and all fixtures are finished in mahogany. The handier for cigars and tobacco is a late improved patent used in the fine cigar stores throughout the country. The finest stock is carried. Mr. Diment intending to specialize along that line. The pipe rack will please the smokers and will contain all the latest and best makes.  
The news and periodical racks will contain all the leading papers and magazines published. It will be a delight to visit Diment's and make your selection. George Bausch, with years of experience in the cigar and tobacco business, will be in charge of that department.  
A soda fountain will be installed just as soon as it arrives. Mr. Diment having had it ordered for months and the connections all made. Complicated freight has delayed it. The basement of the building has also been fitted up nicely and a tile floor laid. It will be utilized for some purpose to be announced later.  
The new store is for ladies and gentlemen. The opening will be Saturday morning and everybody is invited to call in and inspect one of the handsomest stores in the state.

**COUNTY DISTRICTS WANT TO TURN IN THEIR QUOTA ONLY**

A final accounting of the Red Cross campaign cannot be made for a couple of weeks yet as only ten of the township districts have sent in a report. There are 16 yet to be heard from. Some trouble has been experienced because some of the townships have refused to turn over all of their collections, claiming that they should turn in only the original quota allotted them. Eighteen thousand dollars in cash has been collected from the county districts.  
The total subscriptions for the city are now \$29,157.77, with more coming in every day.  
Eighty per cent of the subscriptions received are for a dollar or less. All subscribers to such amounts are urged to pay as soon as possible as the cost of collecting each account is eight cents. The number of subscribers is about 30,000.  
The total for the county will be about \$60,000.
